Case No. 13-1768-EL-BTX

Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

Additional comments:

Wind turbines are an absolute waste of money. Here are a few things they do: - Destroy our lovely view, threaten wildlife, noise pollution, devalue our property, destroy communities, property setbacks, congestion required, unjust wealth transfers, expensive electric, inadequate siting laws... And GOVERNMENT corruption. How do you put out a Wind

turbine fire. What happens when a blade comes off and flies through the air? People and animals will be killed.

Sincerely,

Aren Seebach

WIND TURBINES ARE AN EYE SORE, THEY DESTROY
THE VIEW. THEY ARE A THREAT TO WILDLIFE AND PEOPLE. THEY
ARE A WASTE OF MONEY. THEY ARE A BIG AND WASTEFUL PROJECT
DESIGNED TO BENEFIT A SMALL GROUP OF PEOPLE. THEY CAUSE
PROPERTY DEVALUATION AND DESTROY COMMUNITIES.
THE OVERALL COST IS NOT WORTH THE RETURN!

Sincerely,

Additional comments:

This project is nothing but a fools errand. It will increase the cost of energy. It will drive down property values. It will cause health problems for some people. It detracts from the natural beauty of the Indian Lake region. It will kill many thousands of birds including protected species and it will drive up inflation. This project was born out of the same ignorance that mandated the addition of ethanol to gasoline and will turn out the same way by causing more harm than good.

Sincerely,

I do not want wind turbines
in area where I live. I've seen
them in Van Wert & I don't like
what they can do to our view
in the Indian Lake area.
