(A) Introduction

This aggregation plan has been developed in compliance with Ohio Revised Code, Section 4929.26 regarding governmental automatic aggregation of Natural Gas service. The City of Fallmedge ("Municipality") Aggregation Program ("Program") seeks to aggregate the retail Natural Gas loads of communers located in the Municipality to negotiate the best rates for the supply of Natural Gas. It has the potential to combine approximately 5,700 residential and commercial customers into a buying pool that will be attractive to third party suppliers ("Suppliers"). Participation in the Program is voluntary. Any individual customer ("Member") has the opportunity to decline to be a Mamber of the aggregation program and to return to Dominion East Ohio ("Local Utility") standard offer of service or to enter into a service construct with any competitive retail Natural Gas supplier.

The Municipality has passed the necessary ordinance to place the issue of governmental aggregation of natural gas on the Municipality will follow the Plan of Operation and Governmence ("Plan") outlined below. This Plan will not be adopted until two public hearings are hold in accordance with section 4929.26 (C) of the Ohio Revised Code.

(B) Operation and Governance Plan Detail

(1) Description of Services and Professional Assistance

The process of governmental aggregation is set forth in Ohio Revised Code Chapter 4929. The chapter defines two different types of aggregation that may be causted by a governmental entity opt in aggregation and opt-out aggregation. Opt-in aggregation can occur only with the prior consent of each Natural Gas consumer. That is, the consumer must give its consent to be included in the Program. Under the opt-out aggregation provisions, all Natural Gas consumers within the Municipality will be automatically included in the Program. However, such customers will be given prior notice estimates them to affirmatively elect not to be part of the Program. These customers can opt-out during a 21-day period. A similar opt-out period will be officed at least every two years during which Members can leave the Municipality's aggregation pool without paying a switching fee.

Due to the complexity of deregulation of the Natural Gas utility industry, the Municipality will consult with and obtain the necessary expertise to represent and help administer the Program. The Municipality has passed an ordinance to contract with Buckeye Energy Brokers, Inc., a PUCO certified electric broker and aggregator with mailing address of \$870 Darrow Road #F106 Twinsburg, Ohio 44087 to provide the following energy-consulting services:

- Handle day-to-day administration of program (problem resolution, press releases, PUCO compliance, supplier & local utility linion, turiff enalysis, contract review, etc.)
- File for PUCO Certification so the Municipality can work with any supplier

1 7

- Administer the Request for Proposal process, analyze responses and provide deal structuring services
- Write and maintain the Plan of Operation and Governance
- Hold the required Public Hearings and attend Council meetings
- Review customer data from Local Utility
- Write reports on a quarterly/summed basis to the Municipality and the FUCO

The Municipality through its committant, Buckeye Bacegy Brokers (Buckeye), will seek bids and negotiste with Certified Natural Gas Suppliers. The Municipality will not assume title to Natural Gas. It will not buy and resell natural gas to the participants of the program. Instead, the Municipality will competitively bid and negotists a contract with a competitive retail Natural Gas supplier to provide natural gas supply to the members of the aggregation program. Similarly, the Municipality will not handle billing or scheduling of natural gas. Those responsibilities rest with the selected Supplier and Local Utility.

Only Suppliers meeting strict criteria will be considered. Suppliers will need to be certified by the Public Utilities Commission of Ohio and registered with the Local Utility to do business in their service territory. Both the certification and registration ensure that Suppliers are managerially, technically, and financially competent to perform the services they offer.

The successful bidder shall also demonstrate its creditworthiness by possessing as investment grade long-term bond ratings from at least two of the following rating agencies:

Standard & Poors BBB or Higher
Moody's Investour' Services Ban3 or Higher
Pitch ICBA BBB or Higher

If the bidder is unable to demonstrate its creditworthinous, the bidder will provide:
a Letter of Credit; or a Parental Guaranty from a company that is deemed creditworthy or
a Surety Bond. Details of the credit type and amount will be subject to negotiation.

The Municipality will sely on its committent Buckeye Basegy Brokers, Inc. to monitor and report on a quarterly basis. Buckeye Energy will track the performance of the selected Supplier, report on estimated savings and provide an analysis of current and fixure market conditions. Reports will be provided to the Mayor and Council. Manibes wishing to view the reports should make arrangements to do so by contacting the Municipality during normal working hours.

(2) Determination of Rates

The Municipality shall receive proposals from Natural Gas suppliers using a competitive selection process. The Request For Proposal ("RFP") shall require the suppliers to offer a natural gas rate for each customer class, load grouping or other appropriate category. It is

T .

the responsibility of each Member to compare the rate with others and decide accordingly. The prices to be charged to Members in the Program will be set by the Municipality after negotiations with the selected Supplier. Members will be actified of the rates and terms of the Program as part of the opt-out process, through a direct mailing sent to each resident and business within the Municipality limits. The following rate comparison will be completed once the Municipality has selected a supplier.

Customer Class	Rate Clear	Supplier Other (\$/Met)	Term
Resid./Commercial	"Energy Choice"		
Resid/Commercial	"Bacrey Chairs"		

Members will be responsible for all other biliable charges, such as, taxes, transportation charges, monthly service charge, etc. The contract negotiated with the selected supplier will fall somewhere in the range of 1-4 years communing on the first possible motor read date.

(3) Plan for Providing Opt-out Notice

The Opt-out notice will be dealed in conjunction with the Municipality, the selected Supplier and Buckeye. Buckeye will also verify the accuracy of the list by using several means, such as, maps, 9-1-1 records, Municipality records, electric service lists, etc. Members will have a 21-day period to opt-out by returning a post card to the selected supplier or calling their toll-free number.

(4) Process for Determining the Fuel of Customers

The Municipality will provide a letter to the supplier authorizing the supplier to obtain the list of Eligible Customers from the Local Utility and will be relying on the Local Utility to provide an accurate list of eligible customers. Buckeye and the selected supplier will use that that and remove outcomer records that have returned opt-out forms or are PIPP customers or are non-"Emergy Choice" customers. This data would be the final basis for the Municipality's pool of customers and would be turned over to the aelected supplier to facilitate switching.

The Local Utility shall notify each affected Member of the pending transfer through a 7-day right of reactision letter. Service under the new Supplier shall begin at the start of the billing period following the transfer. Service under the Program shall include all customer classes in adherence with universal service principles and requirements, and the traditional non-discriminatory practices of local government. Contracts with all Suppliers shall contain provisions to maintain these principles and equitable treatment of all customer classes. Existing customers in the Manicipality currently receiving natural gas through an alternate supplier will become eligible upon contract expiration only.

Customers who meet the following criteria will become members of the aggregation

program:

- Are up to data with their bill payment;
- Have not opted-out of the program;
- Are currently with the Local Utility;
- Are classified as non-mercantile;
- · Have not exercised their right of receivation;
- · Are not on the Percentage of Income Payment Plan (PIPP); and
- New Members may opt-in to the Program upon contract expiration with an alternate supplier. These Members will need to contact the Program Supplier for enrollment information. The Program Supplier has a right of refusal in accordance with Section 8 of this plan.

(5) Customer Billing Procedures

The Municipality will utilize the coordinated billing services of the Local Utility and the selected Supplier. It is anticipated that all Members will receive a single bill from the Local Utility. Members will resintain or choose options that include: budget billing, automatic payments and Internet payment.

(6) Credit and Deposit Policies

Collection and credit procedures remain the responsibility of the Local Utility, the selected Supplier and the individual Member. Members are required to remit and comply with the payment terms of the Local Utility. This Program will not be responsible for late or no payment on the part of any of its members. The Municipality will have no separate credit or deposit policy.

(7) Gevernmental Aggregator's Customer Service Precedures & Dispute Resolution

Members will have multiple means of addressing complaints. As a governit rule, concurns regarding service retinbility and billing should be directed to the Local Utility. They continue to read meters handle billing and generally have the most information about a customer's account. Questions regarding the Program administration should go to Buckeye, and any unresolved disputes should be directed to the Public Utilities Commission of Ohio. Listed below is a table of tall-free numbers for members to call for assistance.

Nature of Compleint	Contact	Phone Number
Service interruptions or emergencies	Dominion East Chio	1-800-362-7557
Service turn on/off	Dominion East Ohio	1-800-362-7557
Billing disputes	Dominion East Ohio	1-800-362-7557
Joining/Leaving Program	(Supplier)	
Aggregation Program Questions	Buckeye Ruergy Brokers	1-866-302-2237
Unresolved Disputes	Public Utilities Commission	1-800-686-7826
Unresolved Disputes	Public Utilities Comm. TDD/TTY	1-800-686-1570

If a dispute cannot be resolved, legal action involving any and all disputes arising under or relating to this Program may be brought in a court of the State of Ohio or a Federal District Court. This program shall be interpreted according to the laws of the State of Ohio.

(8) Mombers Moving Into/Within the Aggregation (New Account Number)

Residents and/or businesses that move into the Municipality will not be automatically included in the program. If this policy changes, residents and/or businesses will be provided an opportunity to opt-out. They may also contact the Municipality or its Supplier at any time to obtain enrollment information. There is however, no guarantee that customers opting in at a later date will receive the same price, terms and conditions at did the initial participants. Suppliers are unable to hold price offerings for an unlimited amount of time.

Members moving within the aggregation area with new account numbers may cancel the agreement. If the member does not cancel the agreement, the supplier, is required to amount ically continue the offer under a new account number. In addition, Members should request that their local utility transfer their same supplier and offer to their new address.

(7) Members Moving Within the Aggregation (Same Account Number)

Members moving within the aggregation area with the same account number may cancel the agreement without penalty, pursuant to the procedures set forth in rule 4901:1-28-04 of the Administrative Code. If the member does not cancel the agreement, the supplier shall automatically continue the offer under the same account number.

(10) Joining the Program at a Later Date (Opting-in)

Residents desiring to join the program at a later date will be trusted similar to residents moving into the Municipality. They will need to contact the Municipality or its Supplier to obtain enrollment information. They will follow an opt-in approach. There is however, no guarantee that exatomers opting-in at a later date will receive the same price, terms and conditions as did the initial participants. Suppliers are unable to hold price offerings for an unlimited amount of time, and if Municipality asks for such a requirement, the price offering received from suppliers will be higher to suffect the greater risk. Residents opting-in to the Municipality's program will be responsible for knowing if there is a switching fee for leaving their current supplier.

(C) Availability of Plan of Operation and Governance

This Plan shall be kept available the public inspection and shall, upon request, be copied the any

existing or potential customers of the aggregation.

(D) Altering the Plan of Operation and Governance

A governmental aggregator shall not alter its operation and governance plan in any way that would materially affect the customers of the aggregation without first providing notice to all affected customers and providing these customers the opportunity to opt-out of the aggregation according to the procedures established for the initial opt-out disclosure notice set forth in rule 4901:1-28-04 of the Administrative Code. The notice shall set forth the changes to the plan, inform the customer of its right to opt-out of the aggregation without penalty, and identify the method and time frame for the customer to opt-out.

(E) Certification Prior To Sending Opt-out Notices

No governmental aggregator shall send an opt-out disclosure notice to potential customers of an aggregation prior to the governmental aggregator being certified by the commission.

(F) Opt-out Disclosure Policies

- (1) Prior to including a customer's natural gas account or accounts in an aggregation, the Municipality shall provide each eligible customer written notice that the customer's account(s) will be automatically included in the aggregation unless the customer affirmatively opts out of the aggregation. The notice shall, at a minimum, include:
 - (A) A summary of the actions that the Municipality took to authorize the aggregation.
 - (B) A description of the services that the Municipality will be provide under the aggregation.
 - (C) Disclosure of the price that the Supplier will charge customers for competitive retail natural gas service. The price shall be expressed in dollars and/or costs per hundred cubic feet of gas ("Cof") or thousand cubic feet of gas ("Mcf"), depending on the unit that is used by the natural gas company that serves the customer. If a variable rate is offered, it shall be accompanied by an understandable description of the factors that will cause the price to vary (including any associated indices) and disclosure of how frequently the rate will change. If different rates will be charged to different rate classes within the aggregation, the Municipality shall disclose the applicable rate(s) to customers within the various rate classes.
 - (D) An itemized list and explanation of all fees and charges that are not incorporated into the rates charged for natural gas that the Municipality or Supplier will charge the customer for participating in the aggregation, including any applicable switching fees or early termination possities. These switching fees and/or early termination possities shall not apply to a customer that moves out of the governmental aggregator's territory.

- (E) Disclosure of the dates covered by the aggregation, including an estimated service commencement date and notice that the customer may opt-out of the aggregation at least every two years without punalty.
- (F) Disclosure of any credit and/or deposit policies and requirements.
- (G) Disclosure of any limitations or conditions on customer acceptance into the aggregation.
- (H) A description of the process and associated time period for customers to opt-out of the aggregation. The process shall include provisions for customers to return a past card or similar notice to the governmental aggregator or its agent. The process may include, in addition, other opt-out methods, such as telephonic or internet notice, provided that these methods provide for verification of a customer's election to opt-out of the aggregation. The time period for a customer to choose to opt-out of the aggregation shall extend at least twenty-one days from the date of the post mark on the written notice. A customer's return post card or notice that is past marked before the opt-out deadline has elapsed shall be deemed to have opted out.
- (I) A local or toll-free telephone number that customers can call with questions regarding the formation or operation of the aggregation, including associated calling hours.
- (2) At least every two years from the establishment of its initial aggregation pool, a governmental aggregator shall provide notice to all customers served by the aggregation of their right to optout of the aggregation without penalty. This notice shall follow the procedures established for the initial opt-out notice set forth in this rule and shall prominently disclose to customers all changes to the terms and conditions associated with the aggregation.
- (3) No governmental aggregator or retail natural gas supplier serving a governmental aggregation shall impose any terms, conditions, fees, or charges on any customer served by a governmental aggregation values the particular term, condition, fee, or charge was clearly disclosed to the customer at the time the customer chose not to opt-out of the aggregation.
- (4) To assist its preparation and discomination of required opt-out notices, the Manicipality will provide a letter to the supplier authorizing the supplier to obtain the list of Eligible Customers from the Local Utility and will be relying on the Local Utility to provide an accurate list of eligible customers consistent with division (A) of rule 4901:1-28-05 of the Administrative Code. The governmental aggregator shall not, without the customer's express written consent, disclose or use for any purpose other than formation and operation of its aggregation a customer's account number or social security number or any customer information regarding customers who had opted-off of a natural gas company's pre-enrollment list. Before a governmental aggregator releases any customer account number, social accurity number, or any information related to a customer who has opted off of a natural gas company's pre-enrollment list, the governmental aggregator shall obtain the customer's signature on a release. The release shall be on a acquire piece of paper. The release shall be clearly identified on its face as a release of personal information and all text on the release shall be in at least 16-point type. The following statements shall appear prominently on the release, just prior to the algorithme, in type larger and darker than the type in the surrounding

sentences: I realize that, under the rules and regulations of the Public Utilities Commission of Ohio, I may refuse to allow (name of aggregator) to release the information set forth above. By my signature, I freely give (name of aggregator) permission to release the information designated above. The information that the governmental aggregator seeks to release shall be specified on the form. Forms requiring a customer to circle or to check off preprinted types of information to be released may not be used.

(5) The Municipality shall use its best efforts to ensure that only eligible customer accounts within its governmental boundaries and customers who have not opted-out are included in its aggregation. If ineligible accounts, accounts from outside of the governmental aggregator's governmental boundaries, or accounts for customers who opted-out of the aggregation are switched to the governmental aggregation, the governmental aggregator upon notification of such a switch shall promptly contact the natural gas company to have the customer switched back to the customer's former supplier. The governmental aggregator shall reimburse the customer for any switching fees that were paid by the customer as a result of the switch. In addition, if the customer's former rate was less than the rate charged by the governmental aggregator, then the governmental aggregator shall reimburse the customer the difference between the customer's former rate and the governmental aggregator's rate multiplied by the customer's usage during the time that the customer was served by the governmental aggregator.

(G) Cooperation Between Natural Gas Companies and Governmental Aggregators

- (1) Pursuant to O.A.C. section 4901:1-28-05, it is expected natural gas company shell cooperate with governmental aggregators to facilitate the proper formation and functioning of governmental aggregators. To assist a certified governmental aggregator's compliance with the opt-out disclosure notice requirements established in division (D) of section 4929.26 of the Revised Code, upon request, the natural gas company shall provide, on a best efforts basis, an updated list of names, account numbers, service and mailing address, rate schedules (class and subclass), applicable riders, load profile reference category, meter type, interval mater data indicator, budget bill indicator, mater read date or schedule, and historical consumption data for each of the most recent twelve months for all customers residing within the governmental aggregator's boundaries. Except for inclusion of information for customers who have opted-off and account numbers, the customer information contained in such list shall be consistent with any pre-encollment list that is provided to retail natural gas suppliers.
- (2) Charges and/or fees for services and information provided to governmental aggregators by natural gas companies shall be published in an approved tariff filed with the commission.
- (3) Unless the customer notifies the natural gas company of the customer's intent to not join a governmental aggregation by returning a confirmation notice or providing some other notice as provided by the natural gas company's tariffs, a natural gas company shall switch customer accounts to or from a governmental aggregation under the same processes and time frames provided in published tariffs for switching other customer accounts.

Rykibit B-3 "Automotic Austraction Discharge"

The Opt-out notice will be drafted in conjunction with the Municipality, the selected Supplier and Buckeye. Buckeye will also verify the accuracy of the list by using several means, such as, maps, 9-1-1 records, Municipality records, electric service lists, etc. Members will have a 21-day period to opt-out by returning a post card to the selected supplier or calling their toll-free number.

The Municipality will provide a letter to the supplier authorizing the supplier to obtain the list of Eligible Customers from the Local Utility and will be relying on the Local Utility to provide an accurate hist of eligible customers. Buckeye and the selected supplier will use that hist and remove contourer records that have returned opt-out forms or are PIPP customers or are non-"Energy Choice" customers. This data would be the final basis for the Municipality's pool of customers and would be turned over to the sciected supplier to facilitate switching.

The Local Utility shall notify each affected Member of the penting transfer through a 7day right of rescission letter. Service under the new Supplier shall begin at the start of the billing period following the transfer. Service under the Program shall include all customer classes in adherence with universal service principles and requirements, and the traditional non-discriminatory practices of local government. Contracts with all Suppliers shall contain provisions to maintain these principles and equitable treatment of all customer classes. Existing customers in the Municipality currently receiving natural gas through an alternate supplier will become eligible upon contract expination only.

Customors who meet the following criteria will become members of the aggregation program:

- Are up to date with their bill payment;
- Have not opted-out of the program;
- Are currently with the Local Utility;
- Are classified as non-more utile;
- Have not exercised their right of resolution;
- Are not on the Percentage of Income Payment Plan (PIPP); and
- New Members may opt-in to the Program upon contract expiration with an alternate supplier. These Members will need to contact the Program Supplier for ensulment information. The Program Supplier has a right of refusal in accordance with Section 8 of this plan.

When will my service start? Your account will be enrolled by Baergy commencing with your bill eyels. If this changes you will be notified of what your options are. Under our agreement, Baergy will continue to provide your natural gas through your bill cycle. At that time, you may leave the Program without penalty. However, if you leave the Program before then you may be charged a XXX administrative fee. We will work to extend our agreement with Baergy through your bill cycle. We will notify you if we extend this Program with Baergy. If we do, you will be given an opportunity to opt-out of any extensions.
How do I join the program? If you want to participate in the program, you do not need to do anything. You will be automatically enrolled. However, if you would rather not participate at this time you must return the attached Opt-Out Election form indicating you do not want to join our purchasing group. To not be enrolled in the Program, your Opt-Out Election form must be postmarked no more than 21 calendar days from the postmark date of this letter. The Opt-Out Election form must be completely filled in and signed by the customer in whose name the DEO natural gas account is maintained. If your Opt-Out Election form is incomplete, unsigned or not post-marked on or before the required date, you will be enrolled in the Program. Consumers who elect to opt-out of the Program will continue to receive natural gas from DEO at the established tariff rates until such time as they elect an alternative supplier.
Not everyone is eligible to participate in our program. This program is only for consumers carrently purchasing natural gas from DBO within the municipal boundary of the City of Tallmadge and are otherwise legally eligible to participate. Among other things, if you are participating in a Percentage of Income Payment Plan program, you are not eligible. If you have a mercentile account with DBO, that account is not eligible. These and other customer eligibility limitations are set out in Ohio Administrative Code §4901:1-28-01(C). Importantly, if your home or business is outside the municipal boundary or is incligible to participate, this Program is not available to you.
Additional details of the Program may be obtained from Energy by writing customercare@ us.com, by visiting www energy.com or by calling (\$00) XXX-XXXX. You may call Energy's Customer Care Conter from X:00 a.m. to X:00 p.m. Eastern Time on weekdays and from X:00 a.m. to X:00 p.m. Eastern Time on Saturdays.

Exhibit B-5 "Experience"

The City of Tallmadge has a wealth of experience in negotiating, contracting and providing for common services to the City residents. Some examples of experience as a service provider are:

- 1. Water Service
- 2. Electric "Opt-Out" Municipal Aggregation Program

The Mayor, City Council and City Staff routinely negotiate for services and supplies that benefit the residents of Tallmadge.

However, due to the complexity of municipal aggregation, the City will rely on the services of Buckeye Energy Brokers, Inc. to assist them in designing, implementing and maintaining the Program. Buckeye Energy Brokers is a PUCO certified (00-002(1)) Electric Aggregator and Broker in the State of Ohio and has filed for natural gas aggregator/broker certification (Case number 02-1676-GA-GAG). They have experience working with over 200 buying groups in Pennsylvania, New Jersey, Maryland and Delaware.

Contractual Arrangements for Capability Standards: If the applicant is relying upon contractual arrangements with a third-party(ies) to meet any of the certification requirements, the applicant must provide with its application all of the following:

• Tallmadge is contracting with the following consultant to provide third party assistance:

Buckeye Energy Brokers, Inc. 8870 Darrow Rd. #F106 Twinsburg, OH 44087 (330) 730-4338

- The City of Tallmadge has contracted with Buckeye Energy Brokers, Inc. to assist the City in designing, implementing and maintaining its aggregation program.
- Below is a detailed summary of services being provided:
 - Broker shall provide energy related Services, including but not limited to the following:
 - Volume data collection and verification
 - Energy savings estimates
 - Energy buying consultation
 - Write customized Request for Proposal (RFP)
 - All contact with potential energy suppliers
 - Release all necessary client information to switch energy suppliers
 - Pre-qualify any energy suppliers wishing to bid on the RFP
 - Contract negotiation and closing with selected supplier
 - Monitor energy cost savings with quarterly reports.

Governmental Aggregation Filing

The Municipality will utilize the coordinated billing services of the Local Utility and the selected Supplier. It is anticipated that all Members will receive a single bill from the Local Utility. Members will maintain or choose options that include: budget billing, automatic payments and Internet payment.

Governmental Aggregator's Customer Service Procedures and Dispute Resolution

Members will have multiple means of addressing complaints. As a general rule, concerns regarding service reliability and billing should be directed to the Local Utility. They continue to read meters handle billing and generally have the most information about a customer's account. Questions regarding the Program administration should go to Buckeye, and any unresolved disputes should be directed to the Public Utilities Commission of Ohio. Listed below is a table of toll-free numbers for members to call for assistance.

If a dispute cannot be resolved, legal action involving any and all disputes arising under or relating to this Program may be brought in a court of the State of Ohio or a Federal District Court. This program shall be interpreted according to the laws of the State of Ohio.

The Municipality shall receive proposals from Natural Gas suppliers using a competitive selection process. The Request For Proposal ("RFP") shall require the suppliers to offer a natural gas rate for each customer class, load grouping or other appropriate category. It is the responsibility of each Member to compare the rate with others and decide accordingly. The prices to be charged to Members in the Program will be set by the Municipality after negotiations with the selected Supplier. Members will be notified of the rates and terms of the Program as part of the opt-out process, through a direct mailing sent to each resident and business within the Municipality limits in accordance with Section 4929.22 of the Revised Code and contained in Chapter 4901:1-29 of the Administrative Code.
