Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

Not only will the turbines affect the beauty lake and surrounding area but the health of the residents are also at risk. I urge you to please look in to the health factors for the residents. How do the turbines affect the people and animals that live near them. *There are many health issues that current residents that live near turbines have and suffer from every day.* Please do some research about who actually receives the money and benefits from these terrible giants. Let me tell you its not the residents that have to live near them, look at them and hear them everyday!

Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

Let's find an alternative energy source that doesn't negatively impact taxpayers

Sincerely,
donn ditzhazy
