**Chamberlin-Mansfield 345 kV Transmission Line Loop to Hanna Substation**  
**Case No. 13-0834-EL-BLN**  
**Commercial Operation**

Dear Mr. Lambeck,

This letter is associated with the Letter of Notification submitted on April 15, 2013 for the Chamberlin-Mansfield 345 kV Transmission Line Loop to Hanna Substation Project. Please be advised that these facilities began commercial operation on May 28, 2014. Minor construction activities, primarily maintaining erosion controls while vegetation becomes reestablished in areas disturbed by construction, are still underway and are expected to be completed in a few months. I will provide a notification letter when all construction activities are completed.

If you have any questions regarding this project, please contact me at (330) 761-4268.

Sincerely,

Ted Krauss,  
Manager Siting, Survey & Right-of-Way  
FirstEnergy Service Company
