Case No. 13-1768-EL-BTX

Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

Additional comments:

INDIAN LAKE HAS A PROVEN HISTORY OF PROVIDING TOURISM
DOLLARS TO THE LOCAL ECONOMY. MY UNDERSTANDING OF THE
PRESENT WIND TURBINES IS THAT WITHOUT GOVERNMENT SUBSIDIES
THEY CANNOT SUPPORT THEMSELVES.

GIVEN THE CHANGES TURBINES WILL MAKE TO THE LAKE
SKYLINE I BELIEVE THEY WOULD BE AS WELCOME TO
THE AREA AS COMMERCIAL EGG FARMING. THEY BOTH STINK!!
I VOTE AGAINST!!

Sincerely,

Additional comments:

My husband and I just recently bought a home at Longview Cove, a new development at Indian Lake. I have noted that a wind farm will reduce the value of my property by 30%. I have looked at the wind farm map and will see eight of these monstrosities on my front porch. I moved here for the beauty of the lake - not an industrial nightmare.

Sincerely,

Bonnie Cowan

My family is against the building of wind turbines in Logan and Hardin Counties in Ohio. Wind turbines have not proved to be either an effective or efficient alternative means of energy. In addition, turbines cause harm through flickering light and ambient noise and disruption to bird and animal behavior.

Ginger Swope

This is very concerning to me, we should not allow windmills so close to a state park.
