In the Matter of the Application of Hardin Wind LLC for a Certificate of Environmental Compatibility and Public Need for a 345kV Transmission Line in Hardin County - Case No. 13-1768-EL-BTX

Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake. There are other more rural areas of Harding County or even Logan county that would not be affected as much as the Indian Lake region which is a region that is visited the 2nd most of any Ohio state park. Why would you let such a vital resource be turned into a place that has built itself into a destination area for so many residents. Please do not allow this future disaster to happen when it can be avoided now.

Sincerely,
Tom Stein
