Address (if different from above) _____

Motion for protective order included with filing? ☒ Yes ☐ No

Motion for waiver(s) filed affecting this case? ☐ Yes ☐ No [Note: Waivers may toll any automatic timeframe.]

Notes:

Section I and II are Pursuant to Chapter 4901:1-6 OAC

Section III – Carrier to Carrier is Pursuant to 4901:1-7 OAC, and Wireless is Pursuant to 4901:1-6-24 OAC.

Section IV – Attestation

(1) Indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

(2) For requirements for various applications, see the identified section of Ohio Administrative Code Section 4901 and/or the supplemental application form noted.

(3) Information regarding the number of copies required by the Commission may be obtained from the Commission's web site at www.puco.ohio.gov under the docketing information system section, by calling the docketing division at 614-466-4095, or by visiting the docketing division at the offices of the Commission.

(4) An Incumbent Local Exchange Carrier (ILEC) offering basic local exchange service (BLES) outside its traditional service area should choose CLEC designation when proposing to offer BLES outside its traditional service area or when proposing to make changes to that service.

All Filings that result in a change to one or more tariff pages require, at a minimum, the following exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT
Compliance with Commission Rules

I am an officer/agent of the applicant corporation, RCLEC, Inc., and am authorized to make this statement on its behalf.

Bruce Johnson

(Name)

Please Check ALL that apply:

☒ I attest that these tariffs comply with all applicable rules for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

☐ I attest that customer notices accompanying this filing form were sent to affected customers, as specified in Section II, in accordance with Rule 4901:1-6-7, Ohio Administrative Code.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on (Date) 5/28/2014 at (Location) San Mateo, CA

*(Signature and Title) Bruce Johnson

(Date) 5/28/2014

- This affidavit is required for every tariff-affecting filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.

VERIFICATION

I, Bruce Johnson

verify that I have utilized the Telecommunications Filing Form for most proceedings provided by the Commission and that all of the information submitted here, and all additional information submitted in connection with this case, is true and correct to the best of my knowledge.

*(Signature and Title) Bruce Johnson, Secretary

(Date) 5/28/2014

*Verification is required for every filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.

Send your completed Application Form, including all required attachments as well as the required number of copies, to:

Public Utilities Commission of Ohio

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF FORMAT

Page Numbering - Page numbers appear in the upper right hand corner of the page. Pages are numbered sequentially. From time to time new pages may be added to the tariff. When a new page is added between existing pages, a decimal is added to the preceding page number. For example, a new page added between Pages 3 and 4 would be numbered 3.1.

Sheet Revision Numbers - Revision numbers also appear in the top center of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their Tariff approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.

Check Sheets - When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e. the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.

EXPLANATION OF SYMBOLS AND REFERENCE MARKS USED IN THIS TARIFF

The following symbols shall be used in this tariff for the purpose indicated below:

- (C) - To signify a changed regulation or rate structure
- (D) - To signify discontinued material
- (I) - To signify an increased rate
- (M) - To signify a move in the location of text
- (N) - To signify a new rate, service, regulation, condition or sheet
- (R) - To signify a reduction in rate
- (S) - To signify reissued material
- (T) - To signify a change in text for clarification

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS

Certain terms used generally throughout this tariff are described below:

Access Minutes

Denotes that usage of exchange facilities in intrastate service for the purpose of calculating chargeable usage.

Access Tandem

A switching system that provides a traffic concentration and distribution function for originating or terminating traffic between end offices and a Customer's premises.

Act

The Communications Act of 1934 (47 USC 153(R)), as amended by the Telecommunications Act of 1996, Public Law 104-104, 110 Stat. 56 (1996), codified throughout 47 USC and as interpreted by applicable law.

Advance Payment

A payment required before the start of service.

Access Services

The Company's intrastate telephone services offered pursuant to this tariff.

Automatic Number Identification (ANI)

A multi-frequency, signaling common switching feature that provides the automatic transmission of a seven or ten digit number and information digits to the customers premise for calls originating in the LATA to identify the calling party or station.

Calling Party Number

(CPN) means a Signaling System 7 parameter whereby the ten (10) digit number is used to identify the calling or originating party.

Central Office

A local company switching system where exchange service customer station loops are terminated for purposes of interconnection to each other and to trunks.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**Central Office Prefix**

The first three digits (NXX) of the seven digit telephone number assigned to an end user's local exchange service.

Central Office Switch

A switch used to provide Telecommunications Services, including, but not limited to an End Office Switch or End Office which is a switching entity that is used to terminate Customer station lines for the purpose of interconnection to each other and to trunks; and, a Tandem Switch or Tandem Office or Tandem that is a switching entity that has billing and recording capabilities and is used to aggregate traffic and deliver traffic to carriers' aggregation points, points of termination, or points of presence, and to provide Switched Exchange Access Services. A Central Office Switch may also be employed as a combination End Office/Tandem Office Switch.

Channel

A communications path between two or more points of termination.

Collocation

An arrangement where the equipment of a local exchange carrier is installed and maintained at the premise of another LEC.

Common Carrier

Denotes any individual, partnership, association, joint- stock company, trust, government entity or corporation engaged for hire in intrastate communication by wire or radio, between two or more exchanges.

Commission

Public Utilities Commission of Ohio (PUCO), the State agency responsible for the regulation of telecommunications service.

Common Channel Signaling Network

Digital data network carrying signaling, routing and control information which interfaces with the telecommunications network.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**Company**

RCLEC, Inc. ("RCLEC" or "Company")

Customer

The person, firm or corporation that orders service and is responsible for the payment of charges and compliance with the Company's regulations.

Customer Proprietary Network Information (CPNI)

Information that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a the Company and that is made available to the Company by the customer solely by virtue of the Company-customer relationship; and information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier; except that such term (CPNI) does not include subscriber list information.

Customer Designated Premises

The premises specified by the Customer for termination of Access Services. Digital Signal Level 1 (DS1) 1.544 Mbps first level signal in the time division multiplex hierarchy. In the time division multiplexing hierarchy of the telephone network, DS1 is the initial level of multiplexing. Digital Signal Level 3 (DS3) The 44.736 Mbps third level in the time division multiplex hierarchy. In the time division multiplexing hierarchy of the telephone network, DS3 is defined as the third level of multiplexing.

End Office

With respect to each NPA-NXX code prefix assigned to the Company, the location of the Company's "end office" for purposes of this tariff shall be the point of interconnection associated with an NPA-NXX code as listed in 2.8.2(A) following.

End Office Switch

A Company switching system where exchange service customer station loops are terminated for purposes of interconnection to each other and to trunks.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**End User**

A customer of telecommunications service who is not a telecommunications carrier, except that a Carrier shall be deemed to be an End User when such Carrier uses a telecommunications service for administrative purposes. A person or entity that offers telecommunications service exclusively as a reseller shall be deemed to be an End User if all resale transmissions offered by such reseller originate on the premises of such reseller when making such service available to others, directly or indirectly.

Exchange

A unit generally smaller than a Market Service Area (MSA), established by a local service provider for the administration of communications services in the specific area. One or more exchanges comprise a MSA.

Exchange Telephone Company

Denotes any individual, partnership, association, joint- stock company, trust, or corporation engaged in providing switched communication within an exchange.

Extended Area Service (EAS)

A switching and trunking arrangement which provides for non-optional, unlimited, two-way, flat rate calling service between two or more telephone exchanges, provided at either the applicable local exchange rate or the applicable local exchange rate plus an EAS increment rather than at the toll message rate.

Facility or Facilities

Denotes any cable, poles, conduit, carrier equipment, wire center distribution frames, central office switching equipment, etc., utilized to provide the service offered under this tariff.

First Point of Switching

The first Company location at which switching occurs on the terminating path of a call proceeding from the Customer premises to the terminating end office and, at the same time, the last Company location at which switching occurs on the originating path of a call proceeding from the originating end office to the Customer premises.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**FCC**

The Federal Communications Commission

Intrastate Access Service

Provides for a two-point communications path between a Customer's premises or a collocated interconnection location and an end user's premises for originating and terminating calls within the state.

Internet Traffic

Any traffic exchanged between Company and the customer that is originated by or delivered to an Enhanced Service Provider, including an Internet Service Provider.

Local Access and Transport Area (LATA)

A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF F.C.C. NO. 4.

Local Exchange Routing Guide (LERG)

The telecommunications industry database tool used to provision NPA/NNXs and provide routing information to facilitate call completion.

Local Traffic

Traffic, including but not limited to Internet Traffic, that is originated by a Customer, user, subsidiary or affiliate of the Customer on the customer's network or service and terminates to the Company or another customer of the Company on the Company's network, within a given local calling area, or expanded area service ("EAS") area as defined in the originating carrier's effective Customer Tariffs, or, if the Commission has defined local calling areas applicable to all LECs, then as so defined by the Commission.

Loss

The value placed on injury or damages due to an accident caused by another's negligence, a breach of contract or other wrongdoing.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**Meet Point Billing**

A situation when two or more exchange telephone companies are involved in the provisioning and billing of telecommunications service.

MOUs

Minutes of Use

North American Numbering Plan (NANP)

A three-digit area code (also known as a Number Plan Area (NPA), and a seven digit telephone number, made up of a three digit central office code and a four-digit station number. The NANP is administered by the North American Numbering Plan Administrator (NANPA).

Number Portability

The ability of customers of telecommunications services to retain, at the same location, existing telecommunications numbers without impairment of quality, reliability, or convenience when moving from one telephone company to another.

Originating Carrier

The carrier whose end user originates a call on the carrier's network or switching equipment.

Originating Direction

The use of Switched Access Service for the origination of calls from an End User premises to a carrier's premises.

Percentage of Interstate Usage (PIU)

The interstate jurisdictional use of a telecommunications service, as reported by the customer. This percentage is stated as a whole number percentage (a number from 0 through 100 percent) which is the best estimate of the percentage of the total use of the service that will be interstate in nature by the customer.

Percent of Local Usage (PLU)

The local jurisdictional use of a telecommunications service as reported by the customer. This percentage is stated as a whole number percentage (a number from 0 through 100 percent) which is the best estimate of the percentage of the total use of the service that will be local in nature by the customer.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**Point of Interconnection (POI)**

The physical location, building or equipment where two separate networks connect to each other in order to pass telecommunications traffic and signaling.

Point of Termination

The point of demarcation within a customer-designated premises at which the Company's responsibility for the provision of access service ends. The point of demarcation is the point of interconnection between Company communications facilities and customer-provided facilities as defined in Part 68 of the Federal Communications Commission's Rules and Regulations.

PUCO

Public Utilities Commission of Ohio

Recurring Charges

The monthly charges to the Customer for services, facilities and equipment which continue to apply for duration of the service.

Service Commencement Date

The first date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and the Customer may mutually agree on a substitute Service Commencement Date. If the Company does not have an executed Service Order from a Customer, the Service Commencement Date will be the first date on which the service or facility was used by a Customer.

Service Order

The request for access services, either written or electronic, executed by the Customer and the Company in the format devised by the Company. Such a request for service by the customer and the acceptance of the request by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date. Should a Customer use the Company's access service without an executed Service Order, the Company will then request the Customer to submit a Service Order.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**Serving Wire Center**

The wire center from which the customer designated premises would normally obtain dial tone from the Company.

Shared

A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Signaling Transfer Point (STP)

A specialized switch that provides SS7 network access and performs SS7 message routing and screening.

Tandem Transit or Third Party Tandem Transit

An arrangement that provides indirect Interconnection, via a third party's tandem, that is used by the Company and the Customer for the reciprocal exchange of local and IntraLATA Toll Traffic between their respective networks and/or service.

Telecommunications Service

The offering of Telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, provided through a system of switches, transmission equipment, or other facilities (or combination thereof) by which a subscriber can originate and terminate a Telecommunications Service, regardless of the facilities used. Telecommunications Service generally provides the Customer with a telephonic connection to, and a unique telephone number address on, the public switched telecommunications network, and enables such Customer to place or receive calls to all other stations served by the public switched telecommunications network. It also provides service within a telephone exchange or within a connected system of telephone exchanges within the same exchange area operated to furnish subscribers intercommunicating service of the character ordinarily furnished by a single exchange

Terminating Carrier

The carrier who terminates a call to the carrier's end user a call on the carrier's network or switching equipment.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

DEFINITIONS (CONT'D)**Termination Point**

The point of demarcation within a customer designated premises or point of interconnection at which the Company's responsibility for the provision of service ends.

Terminating Direction

The use of Switched Access Service for the completion of calls from a carrier's premises to an End User premises.

Transmission Path

An electrical path capable of transmitting signals within the range of the service offering. A transmission path is comprised of physical or derived facilities consisting of any form or configuration of plant used in the telecommunications industry.

Toll Traffic

Between stations in different exchange areas for which there is a separate charge not included in contracts for local exchange service.

Trunk

A communications path connecting two switching systems in a network, used in the establishment of an end-to-end connection.

Trunk Group

A set of trunks which are traffic engineered as a unit for the establishment of connections between switching systems in which all of the communications paths are interchangeable.

User

A Customer or any other person authorized by the Customer to use service provided under this tariff.

Wire Center

A building in which one or more end offices, used for the provision of Exchange Services, are located.

V and H Coordinates Method

A method of computing the distance, in airline miles, between two point by utilizing an established formula which is based on the vertical and horizontal coordinates of the two points.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 1 - APPLICATION OF TARIFF

- 1.1 This tariff applies to intrastate access service supplied to Customers for origination and termination of traffic to and from Central Office codes directly assigned to RCLEC, Inc. and traffic from those central office codes assigned to other carriers that transits RCLEC's facilities. RCLEC's access services will be provided to Customers within the areas served by AT&T Ohio, Cincinnati Bell, United Telephone d/b/a CenturyLink, and Frontier.
- 1.2 Except as provided in 3.1.3(A), this tariff applies only to the extent that services provided hereunder are used by a Customer for the purpose of originating or terminating intrastate communications. A communication is "intrastate" only if all points of origination and termination are located within the State of Ohio.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS**2.1 Undertaking of the Company****2.1.1 Scope**

The Company undertakes to furnish access services in accordance with the terms and conditions set forth in this tariff.

2.1.2 Shortage of Facilities

All service is subject to the availability of suitable facilities. The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and equipment and is limited to the capacity of the Company's facilities to furnish service as required at the sole discretion of the Company.

2.1.3 Terms and Conditions

- (A) Service is provided on the basis of a minimum period of at least one-month, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have thirty (30) days.
- (B) The Company reserves the right to discontinue service, limit service, or to impose requirements when Customer is using the service in violation of the provisions of this tariff, or as required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material affect of on the business or economic feasibility of providing service, as determined by the Company in its reasonable judgment.
- (C) In any action between the parties to enforce any provision of this tariff, the prevailing party shall be entitled to recover its legal fees and court costs from the non-prevailing party in addition to other relief a court may award.
- (D) Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.3 Terms and Conditions**

- (E) This tariff shall be interpreted and governed by the laws of the State of Ohio without regard for its choice of laws provision.

2.1.4 Liability of the Company

- (A) Except as otherwise stated in this Tariff, the liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in Section 2.7. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to the Customer as a result of any Company service, equipment or facilities, or any acts or omissions or negligence of the Company's employees or agents.
- (B) The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

SECTION 2 – REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.4 Liability of the Company (Cont'd)**

- (C) The Company shall not be liable for (a) any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for interconnection with Access Services; or (b) for the acts or omissions of common carriers.
- (D) The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of equipment or facilities provided by the Customer or third parties.
- (E) The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of any installation so provided. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this Section 2.1.4(E) as a condition precedent to such installations.
- (F) The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such Premises or the installation or removal thereof, unless such defacement or damage is caused by gross negligence or willful misconduct of the Company's agents or employees.

SECTION 2 – REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.4 Liability of the Company (Cont'd)**

- (G) The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services, involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.
- (H) The entire liability for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid the Company by the Customer for the specific services in the month in which the event giving rise to the liability occurred. No action or proceeding against the Company shall be commenced more than one year after the event giving rise to the liability occurred.
- (I) THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN.
- (J) The approval of limitation of liability language by the PUCO does not constitute a determination by the PUCO that the limitation of liability imposed by the Company since it is a courts responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

SECTION 2 – REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.5 Claims**

The Company shall be indemnified and saved harmless by the Customer from and against all loss, liability, damage and expense, including reasonable counsel fees, due to claims of libel, slander, or infringement of copyright in connection with the material transmitted over the Company's facilities; and any other claim resulting from any act or omission of the Customer or end users of the Customer relating to the use of the Company's services or facilities.

2.1.6 Provision of Equipment and Facilities

- (A) Except as otherwise indicated, customer-provided station equipment at the Customer's premises for use in conjunction with this service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.
- (B) The Company shall not be responsible for the installation, operation or maintenance of any Customer-provided communications equipment. Where such equipment is connected to service furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of services under this tariff and to the maintenance and operation of such services in the proper manner. Subject to this responsibility, the Company shall not be responsible for:
 - (1) the through transmission of signals generated by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - (2) the reception of signals by Customer-provided equipment; or
 - (3) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

SECTION 2 – REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.7 Ownership of Facilities**

Title to all facilities provided in accordance with this tariff remains in the Company, its agents, contractors or suppliers.

2.2 Prohibited Uses

- (A) The services the Company offers shall not be used for any unlawful purpose or for any use for which the Customer has not obtained all required governmental approvals, authorization, licenses, consents and permits.
- (B) The Company may require applicants for service who intend to use the Company's offering for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and regulations, policies, orders, and decisions.
- (C) The Company may require a Customer to immediately shut down its transmission if such transmission is causing interference to others.
- (D) A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated access services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS (CONT'D)**2.3 Obligations of the Customer****2.3.1 Customer Premises Provisions**

- (A) The Customer shall provide the personnel, power and space required to operate all facilities and associated equipment installed on the premises of the Customer.
- (B) The Customer shall be responsible for providing Company personnel access to premises of the Customer at any reasonable hour for the purpose of testing the facilities or equipment of the Company.

2.3.2 Liability of the Customer

The Customer will be liable for damages to the facilities of the Company caused by negligence or willful acts of its offices, employees, agents or contractors of the Customer where such negligence is not the direct result of the Company's negligence.

2.3.3 Jurisdictional Report Requirements

- (A) For Feature Group D Switched Access Service(s), the Company, where jurisdiction can be determined from the call detail, will determine the projected interstate percentage as follows. For originating access minutes, the projected interstate percentage will be developed on a monthly basis by end office trunk group when the Feature Group D Switched Access Service access minutes are measured by dividing the measured interstate originating access minutes (the access minutes where the calling number is in one state and the called number is in another state) by the total originating access minutes when the call detail is adequate to determine the appropriate jurisdiction. For terminating access minutes, the Customer has the option to provide the Company with a projected PIU factor. Customers who provide a PIU factor shall supply the Company with an interstate percentage of the Feature Group D terminating access minutes for each account to which the Customer may terminate traffic.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.3 Jurisdictional Report Requirements (Cont'd)****(A) (Cont'd)**

Should the Customer not supply a terminating PIU Factor, the data used by the Company to develop the projected interstate percentage for originating access minutes will be used to develop projected interstate percentage for such terminating access minutes. When a Customer orders Feature Group D Switched Access Service, the Customer shall supply a projected interstate percentage of use for each end office trunk group involved to be used in the event that originating call details are insufficient to determine the jurisdiction for the call. This percentage shall be used by the Company as the projected interstate percentage for such call detail. For purposes of developing the projected interstate percentage, the Customer shall utilize the same considerations as those set forth in Section 2.3.3(B) following.

The Company will designate the number obtained by subtracting the projected interstate percentage for originating and terminating access minutes from 100 ($100 - \text{projected interstate percentage} = \text{intrastate percentage}$) as the projected intrastate percentage of use.

- (B) For purposes of developing the projected interstate percentage, the Customer shall consider every call that enters the Customer's network at a point within the same state as the state where the called station is located to be intrastate and every call that enters the Customer's network at a point in a state different from the state in which the called station is located to be interstate.
- (C) These whole number percentages will be used by the Company to apportion the use, rates, and/or nonrecurring charges between interstate and intrastate until a revised report is received.

San Mateo, CA 94404

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.3 Jurisdictional Report Requirements (Cont'd)**

- (D) The projected interstate percentage of use will be used to determine the charges as follows:

The number of access minutes for a trunk group will be multiplied by the projected interstate percentage of use to determine the interstate access minutes. (i.e., number of access minutes x projected interstate percentage of use = interstate access minutes). The number of interstate access minutes so determined will be subtracted from the total number of access minutes (i.e., number of access minutes - interstate access minutes = intrastate access minutes). The intrastate access minutes for the group will be billed as set forth in Section 5 following.

- (E) Effective on the first of January, May, July and October of each year, the Customer may update the jurisdictional reports that require a projected interstate percentage. The Customer shall forward to the Company, to be received no later than 20 calendar days after the first of each such month, a revised report showing the interstate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate and intrastate use.
- (F) Except as set forth in Section 2.3.3(A) preceding where jurisdiction can be determined from the recorded message detail, the revised report will serve as the basis for the next three months billing and will be effective on the bill date in the following month (i.e., February, May, August, and November) for that service. No prorating or back billing will be done based on the report. If the Customer does not supply the report, the Company will assume the percentage to be the same as that provided in the last quarterly report. For those cases in which a quarterly report has never been received from the Customer, the Company will assume the percentage to be the same as that provided in the order for service as set forth in Section 2.3.3(A) preceding.

SECTION 2 – REGULATIONS (CONT'D)**2.3 Obligations of the Customer (Cont'd)****2.3.3 Jurisdictional Report Requirements (Cont'd)**

- (G) The Customer reported projected interstate percentage of use as set forth in Section 2.3.3(A) preceding will be used for the apportionment of any monthly rates or nonrecurring charges associated with Feature Groups B or D Switched Access Service until the end of the quarter during which the service was activated. Thereafter, a projected interstate percentage for such apportionment will be developed quarterly by the Company based on the data used to develop the projected interstate percentage of use as set forth in Section 2.3.3(A) preceding. Where call detail is insufficient to make such a determination, the Customer will be requested to project an interstate percentage of use to be used by the Company for such apportionment.
- (H) The Customer shall keep sufficient detail from which the percentage of interstate use can be ascertained and upon request of the Company make the records available for inspection. Such a request will be initiated by the Company no more than once per year. The Customer shall supply the data within thirty (30) calendar days of the Company request.
- (I) The Customer may provide an additional percentage of interstate use for Entrance Facility and Direct Trunked Transport subject to the reporting requirements previously listed in this section. The percentage of interstate use may be provided per individual facility or at the billing account level. Should the Customer not provide a percentage of interstate use, the Company will use the reported Feature Group B or Feature Group D aggregated percentage of interstate use.
- (J) In the absence of both a customer provided PIU, and the necessary jurisdictional information in the call detail to determine jurisdiction, the default PIU will be zero.

SECTION 2 – REGULATIONS (CONT'D)**2.4 Customer Equipment and Channels****2.4.1 Interconnection of Facilities**

- (A) In order to protect the Company's facilities and personnel and the service furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's service shall be such as not to cause damage to the facilities of the Company. Any special interface equipment necessary to achieve the compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.

2.4.2 Inspections

- (A) The Company may, upon notification to the Customer, at a reasonable time, make such tests and inspections as may be necessary to determine that the requirements regarding the equipment and interconnections are being complied with in respect to the installation, operation and maintenance of Customer-provided equipment and in the wiring of the connection of Customer channels to Company-owned facilities.
- (B) If the protective requirements in connections with Customer-provided equipment are not being complied with, the Company may take such action as necessary to protect its facilities and personnel and will promptly notify the Customer by registered mail in writing of the need for protective action. In the event that the Customer fails to advise the Company within 10 days after such notice is received or within the time specified in the notice that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including canceling service, to protect its facilities and personnel from harm. The Company will upon request 24 hours in advance provide Customer with a statement of technical parameters that the Customer's equipment must meet.

SECTION 2 – REGULATIONS (CONT'D)**2.5 Customer Deposits and Advance Payments****2.5.1 Advance Payments**

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount up to two months of estimated monthly usage charges. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. An advance payment may be required in addition to a deposit.

2.5.2 Deposits

- (A) To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to:
- (1) an estimated two months' customary use or estimated two months' bill where applicable. Customary use is calculated using charges for the previous three months' of service.
 - (2) the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in the event that a termination charge is applicable.
- (B) A deposit may be required in addition to an advance payment.

SECTION 2 – REGULATIONS (CONT'D)**2.5 Customer Deposits and Advance Payments (Cont'd)****2.5.2 Deposits (Cont'd)**

- (C) When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account. If the amount of the deposit is insufficient to cover the balance due to the Customer's account, the Company retains the right to collect any amounts owing after the deposit has been applied plus any costs related to the collection of any remaining balance.
- (D) Deposits held will accrue interest at a rate specified by the PUCO in Rule 4901:1-17-05 of the Ohio Administrative Code and will be refunded to the customer after twelve (12) consecutive months of payment.

2.6 Payment Arrangements**2.6.1 Payment for Service**

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer.

(A) Taxes

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however, designated) (excluding taxes on the Company's net income) imposed on or based upon the provision, sale or use of Network Services.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.1 Payment for Service (Cont'd)****(B) Surcharges, Fees and Assessments**

The Customer is responsible for payment of any surcharge, assessment or fee, including but not limited to universal service fees, 911 charges, right of way fees or other types of infrastructure fees, and regulatory assessments, where allowed by applicable law.

2.6.2 Billing and Collection of Charges

The Customer is responsible for payment of all charges incurred by the Customer or other users for services and facilities furnished to the Customer by the Company.

- (A) Non-recurring charges are due and payable within thirty (30) days after the date of the invoice.
- (B) The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within thirty (30) days after the date of the invoice. When billing is based upon customer usage, usage charges will be billed monthly for the preceding billing period.
- (C) When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rate basis. For this purpose, every month is considered to have thirty (30) days.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.2 Billing and Collection of Charges (Cont'd)**

- (D) Billing of the Customer by the Company will begin on the Service Commencement Date, which is the day on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- (E) If any portion of the payment is received by the Company after the date due, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the date due, multiplied by a late factor. The late factor shall be the lesser of:
 - (1) a rate of 1.5 percent per month; or
 - (2) the highest interest rate which may be applied under state law for commercial transactions.
- (F) The Customer will be assessed a charge of twenty-five dollars (\$25.00) for each check submitted by the Customer to the Company which a financial institution refuses to honor.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.2 Billing and Collection of Charges (Cont'd)**

- (G) Customers have up to eighteen (18) months of the bill date to initiate a dispute over charges or to receive credits. If Customer does not submit a claim as stated above, Customer waives all rights to file a claim thereafter. The Company shall investigate and resolve all disputes within forty-five (45) days of receipt of the dispute and the Company's resolution of such a dispute is final. Any portion of a disputed amount deemed payable by the Company must be paid in full within ten (10) days of resolution or Customer's service may be subject to disconnection and late payment charges imposed on the overdue amount.

Any unresolved dispute may be directed in writing to the Commission's Consumer Services Division 180 E. Broad Street, Columbus, Ohio, 43215.

- (H) If service is disconnected by the Company in accordance with Section 2.6.3 following, and later restored, restoration of service will be subject to all applicable installation charges.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.3 Discontinuance of Service for Cause**

Disconnection notices issued by the Company will comply with the requirements of Rule O.A.C. 4901:1-5-17 and will inform the Customer facing service disconnection of the total amount which the Customer would need to pay in order to avoid disconnection of service. The notice will also inform the Customer of the Company's legal obligation to provide service to customers whose access service charges are paid, even while their toll service is disconnected for nonpayment of outstanding toll debt. The Company may disconnect service for any of the following reasons without incurring liability, other than for nonpayment, provided it has notified the customer of its intent, in writing, to disconnect service and has allowed the customer a reasonable time of not less than thirty (30) days, after the date on which the notice is mailed, in which to remove the cause for disconnection.

- (A) Upon nonpayment of any amounts owing to the Company, the Company may, by giving seven (7) days written notice to the Customer, discontinue or suspend service without incurring any liability.
- (B) Upon violation of any of the other material terms or conditions for furnishing service the Company may discontinue or suspend service without incurring any liability if such violation continues during that period.
- (C) Upon condemnation of any material portion of the facilities used by the Company to provide service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.
- (D) For failure of the customer to fulfill his contractual obligations for service or facilities subject to regulation by the Commission.
- (E) For failure of the customer to permit the Company to have reasonable access to its equipment and property.

- (F) Failure to meet the utility's deposit and credit requirements.
- (G) Upon the Company's discontinuance of service to the Customer under Section 2.6.3(A) or 2.6.3(B), the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the term for which such services would have otherwise been provided to the Customer to be immediately due and payable (discounted to present value at six percent).
- (H) Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company may immediately discontinue or suspend service without incurring any liability.
- (I) Upon any governmental prohibition or required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue service without incurring any liability.
- (J) In the event of fraudulent use of the Company's network, the Company may without notice suspend or discontinue service. The Customer will be liable for all related costs. The Customer will also be responsible for payment of any reconnection charges.

2.6.5 Ordering, Rating and Billing of Access Services Where More Than One Exchange Telephone Company is Involved

Meet point billing applies when more than one Exchange Telephone Company is involved in the provision of Access Service. All recurring and nonrecurring charges for services provided by each Exchange Telephone Company are billed under each company's applicable rates as set forth in Section 2.6.5 (A) following.

The Company accepts and adheres to the Ordering and Billing Forum guidelines, Multiple Exchange Carrier Access Billing (MECAB) and Multiple Exchange Carrier Ordering and Design (MECOD).

The Company will handle ordering, rating and billing of Access Services under this tariff where more than one Exchange Telephone Company is involved in the provision of Access Service as follows.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.5 Ordering, Rating and Billing of Access Services Where More Than One Exchange Telephone Company is Involved (Cont'd)**

- (A) For Feature Group D Switched Access Service, when the first point of switching is not in the same Exchange Telephone Company's territory as the Customer premises, the Customer must supply a copy of the order to the Exchange Telephone Company in whose territory the Customer premises is located and any other Exchange Telephone Company(s) involved in providing the service.

Each Exchange Telephone Company will provide the portion of Local Transport to an interconnection point (IP) with another Exchange Telephone Company, and will bill the charges in accordance with its Access Service tariff. The rate for the Transport elements will be determined as set forth in following. All other appropriate charges in each Exchange Telephone Company tariff are applicable.

- (B) The charge for the Local Transport Facility and Termination rate elements for services provided as set forth in Section 2.6.5 (A) preceding are determined as follows:
- (1) Determine the appropriate Switched Access Local Transport mileage by computing the airline mileage between the two ends of the Local Transport Facility, as defined in 3.1.2(B) following. Determine the airline mileage for the Local Transport Facility charge using the V&H method as set forth in Section 2.8.2 following.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.5 Ordering, Rating and Billing of Access Services Where More Than One Exchange Telephone Company is Involved (Cont'd)****(B) (Cont'd)**

(2) For Feature Groups D Switched Access Service, the Local Transport Facility and Termination charges are determined by using the steps set forth in (a) through (c) following for the total Local Transport- Common Switched Transport charges.

(a) Multiply:

The number of access minutes by the number of airline miles as determined in (1) proceeding by the Company's appropriate Local Transport Facility per mile per access minute rate by the Company's billing percentage factor.

(b) Multiply:

The number of access minutes by the Company's appropriate Local Transport Termination per minute rate. The resulting amount is the Company's total Local Transport Termination charge.

(c) Add:

The products of (a) and (b) for the Company's total Local Transport- Common Switched Transport charges.

(C) The interconnection points will be determined by the Exchange Telephone Companies involved. The billing percentage (BP) factor for the Company for the service between the involved offices is listed in the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF F.C.C. NO. 4.

(D) Should any changes be made to the meet point billing arrangements as set forth in Section 2.6.5 (A) preceding, the Company will give affected Customers thirty (30) days' notice.

SECTION 2 – REGULATIONS (CONT'D)**2.6 Payment Arrangements (Cont'd)****2.6.5 Ordering, Rating and Billing of Access Services Where More Than One Exchange Telephone Company is Involved (Cont'd)**

- (E) Should the Company act as an intermediate, non-terminating local exchange carrier, Local Transport Termination rates, as determined in Section 2.6.5 (B) preceding, will not be applied to the meet point billing arrangement.

2.6.6 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fees shall be adjusted according to the term and conditions set forth in 3.1.1.2 following, Access Order Modifications.

2.6.7 Customer Overpayment

The Company will pay interest on a Customer overpayment. Customer overpayment shall mean a payment to the Company in excess of the correct charges for service when caused by erroneous billing by the Company. The rate of interest shall be the unadjusted interest rate paid on Customer deposits or the late payment penalty rate, whichever is greater. Interest shall be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit interest rate or late payment penalty rate, and compounded monthly, until the date when the overpayment is refunded. No interest shall be paid on Customer overpayments that are refunded within thirty (30) days after such overpayment is received by the Company.

SECTION 2 – REGULATIONS (CONT'D)**2.7 Allowances for Interruptions in Service (Cont'd)****2.7.1 Credit for Interruptions**

- (A) A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff. An interruption period begins when the Customer reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- (B) For calculating credit allowances, every month is considered to have thirty (30) days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

A credit allowance will be given for interruptions of 30 minutes or more. Credit allowances shall be calculated as follows:

Interruptions of 24 Hours or Less

<u>Interruption Period</u>	<u>Length of Interruption To Be Credited</u>
Less than 30 minutes	None
30 minutes up to but not including 3 hours	1/10 Day
3 hours up to but not including 6 hours	1/5 Day
6 hours up to but not including 9 hours	2/5 Day
9 hours up to but not including 12 hours	3/5 Day
12 hours up to but not including 15 hours	4/5 Day
15 hours up to but not including 24 hours	One Day

SECTION 2 – REGULATIONS (CONT'D)**2.7 Allowances for Interruptions in Service (Cont'd)****2.7.1 Credit for Interruptions (Cont'd)****(B) (Cont'd)**

Two or more interruptions of 15 minutes or more during any one 24hour period shall be considered as one interruption.

Interruptions Over 24 Hours and Less Than 72 Hours.

Interruptions over 24 hours and less than 72 hours will be credited 1/5 day for each 3-hour period or fraction thereof. No more than one full day's credit will be allowed for any period of 24 hours.

Interruptions Over 72 Hours. Interruptions over 72 hours will be credited 2 days for each full 24-hour period. No more than thirty (30) days credit will be allowed for any one-month period.

2.7.2 Limitations on Allowances

No credit allowance will be made for:

- (A) interruptions due to the negligence of, or noncompliance with the provisions of this tariff by the Customer, authorized user, joint user, or other common carrier providing service connected to the service of the Company;
- (B) interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company's facilities;
- (C) interruptions due to the failure or malfunction of non-Company equipment;

SECTION 2 – REGULATIONS (CONT'D)**2.7 Allowances for Interruptions in Service (Cont'd)****2.7.2 Limitations on Allowances (Cont'd)**

- (D) interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- (E) interruptions of service during a period in which the Customer continues to use the service on an impaired basis;
- (F) interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements; or
- (G) interruption of service due to circumstances or causes beyond the control of Company.

2.7.3 Cancellation For Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit which has been subject to the outage or cumulative service credits.

SECTION 2 – REGULATIONS (CONT'D)**2.8 Application of Rates**

The regulations set forth in this section govern the application of rates for services contained in other sections of this tariff.

2.8.1 Charges Based on Duration of Use

Customer traffic to end offices will be measured by the Company at end office switches. Originating and terminating calls will be measured by the Company to determine the basis for computing chargeable access minutes.

For originating calls over Feature Group D, usage measurement begins when the originating Feature Group D switch receives the first wink supervisory signal forwarded from the Customer's point of termination.

The measurement of originating call usage ends when the originating Feature Group B or D switch receives disconnect supervision from either the originating end user's end office, indicating the originating end user has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.

For terminating calls over Feature Group D, the measurement of access minutes begins when the terminating Feature Group D switch receives answer supervision from the terminating end user's end office, indicating the terminating end user has answered.

The measurement of terminating call usage over Feature Group D ends when the terminating Feature Group D switch receives disconnect supervision from either the terminating end user's end office, indicating the terminating end user has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.

Access minutes or fractions thereof are accumulated over the billing period for each end office and are then rounded up to the nearest access minute for each end office.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS (CONT'D)**2.8 Application of Rates (Cont'd)****2.8.2 Rates Based on Distance**

Where the charges for service are specified based upon distance, the following rules apply:

(A) Distance between two points is measured as airline distance between the wire centers of the originating and terminating telephone lines. The wire center is a set of geographic coordinates, as referenced in the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. TARIFF FCC No. 4, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number).

(B) The airline distance between any two wire centers is determined as follows:

- (1) Obtain the "V" and "H" coordinates for each wire center from the above-referenced NECA tariff.
- (2) Compute the difference between the "V" coordinates of the two wire centers; and the difference between the two "H" coordinates.
- (3) Square each difference obtained in step (2) above.
- (4) Add the square of the "V" difference and the square of the "H" difference obtained in step (3).
- (5) Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.
- (6) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

$$(7) \text{ Formula} = \sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

CARRIER TO CARRIER ACCESS SERVICES TARIFF

SECTION 2 – REGULATIONS (CONT'D)**2.8 Application of Rates (Cont'd)****2.8.3 Mileage**

The mileage to be used to determine the Local Transport Facility monthly rates are calculated on the airline distance between the end office switch where the call carried by Local Transport originates or terminates and the customer's serving wire center. The V&H coordinates method is used to determine mileage. This method is set forth in Section 2.8.2.

The Local Transport Facility mileage rates are shown in Section 5.1.3 (B) in terms of per mile per access minute. To determine the rate to be billed, first compute the mileage. Should the calculation result in a fraction of a mile, the fraction will always be rounded up to the next whole mile before determining the mileage. Then multiply the mileage by the appropriate Local Transport Facility rate. The amount to be billed shall be the product of this calculation (i.e., the number of miles multiplied by the per mile rate) multiplied by the number of access minutes.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS**3.1 Access Services**

Switched Access Service, which is available to Customers for their use in furnishing their services to end users, provides a two-point communications path between a Customer's premises (or a collocated interconnection location) and an end user's premises. It provides for the use of common terminating, switching and trunking facilities. Switched Access Service provides for the ability to originate calls from an end user's premises to a Customer's premises (or a collocated interconnection location), and to terminate calls from a Customer's premises (or a collocated interconnection location) to an end user's premises in the LATA where it is provided. Switched Access Service must be ordered separately for each LATA in which the customer desires to originate or terminate calls.

Switched Access Service is provided in the following service categories, which are differentiated by their technical characteristics and the manner in which an end user or Customer accesses them when originating or terminating calls.

FGD Access, which is available to all Customers, provides trunk side access to Company end office switches with an associated uniform 10XXX or 101XXX access code for the Customer's use in originating and terminating communications. End users may also originate calls to a selected FGD Access Customer by dialing 1+NPA-NXX-XXXX when using the Company's presubscription service.

Toll Free Data Base Access Service, which is available to all Customers, provides trunk side access to Company end office switches in the originating direction only, for the Customer's use in originating calls dialed by an end user to telephone numbers beginning with the prefix "800", "866", "888", or "877", for example. Toll Free Data Base Access Service is offered in conjunction with Feature Group D Access.

Transit Traffic Service is an access service in which the Company transits traffic originated by a third party who is not an End User or other user of the Company's local exchange or exchange access service through its wire centers to a Customer. Transit Traffic Service is comprised of various facilities, connections, features and functions. It provides for the use of common terminating, common switching and switched transport facilities of the Company but does not include local switching.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS (CONT'D)**3.1 Access Services (Cont'd)****3.1.1 Access Service Order**

An Access Service Order is used by the Company to provide a Service. When placing an order for Access Service, the Customer shall provide, at a minimum, the following information:

For Feature Group D Switched Access Service, the Customer shall specify the number of busy hour minutes of capacity (BHMC) from the Customer's premises to the end office by traffic type. This information is used to determine the number of transmission paths. The Customer shall also specify the Local Transport and Local Switching options. When FGD is ordered by specifying the number of trunks and direct routing to an end office is desired, the customer shall specify:

- the end office and
- the Local Transport and Local Switching options desired.

When FGD is ordered by specifying the number of trunks and end office routing via an access tandem operated by another Exchange Telephone Company is desired, the customer shall specify:

- the access tandem,
- the Local Transport and Local Switching options desired, and
- an estimate of the amount of traffic to be generated to and/or from each Company end office subtending another Exchange Telephone Company's access tandem.

In addition, for Feature Group D with the SS7 signaling option, the Customer shall specify the switching point codes and trunk circuit identification codes for trunks with the SS7 signaling option, and the STP point codes, signaling link codes and link type for each Common Channel Signaling Access (CCSA) connection ordered. When a Customer orders FGD in trunks, the Customer is responsible to assure that sufficient access facilities have been ordered to handle its traffic.

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS (CONT'D)

3.1 Access Services (Cont'd)

3.1.1 Access Service Order (Cont'd)

3.1.1.1 Access Order Service Date Intervals

For 800 Data Base Access Service, the Customer shall order the service in accordance with the preceding provisions set forth for Feature Group D. If the Customer desires any of the optional features available with 800 Data Base Service, the Customer shall so specify on the order for service.

Access Service is provided with one of the following Service Date Intervals:

- Standard Interval
- Negotiated Interval
- Advance Order Interval

(A) Standard Interval

A schedule of Standard Intervals applicable for Switched Access Services and is as follows:

Trunk Groups	Standard Interval
1 to 4 Trunks	28 Days
5 to 24 Trunks	30 Days

(B) Negotiated Interval

The Company will negotiate a service date interval with the Customer when:

- (1) There is no Standard Interval for the service, or;
- (2) The quantity of Access Services orders exceeds the quantities specified in the Standard Intervals, or;
- (3) The Customer requests a service date beyond the applicable Standard Interval service date except as set forth in (C) following.

3.1.1 Access Service Order (Cont'd)

3.1.1.1 Access Order Service Date Intervals (Cont'd)

(B) Negotiated Interval (Cont'd)

(3) (Cont'd)

The Company will offer a service date based on the type and quantity of Access Services the Customer has requested. The Negotiated Interval may not exceed by more than six months the Standard Interval service date, or, when there is no Standard Interval, the Company offered service date. All services for which rates are applied on an individual case basis are provided with a Negotiated Interval.

Common Channel Signaling Access (CCSA) links will be provided on a Negotiated Interval. New or existing FGD trunks ordered with the SS7 signaling option will be provided on a Negotiated Interval.

The addition and/or deletion of a Toll Free Access Service six digit customer identification NXX is provided with a Negotiated Interval. The addition of a Toll Free Access Service ten digit customer identification record to the Toll Free Access Service data base or the deletion of a Toll Free Access Service ten digit customer identification record from the Toll Free Access Service data base is provided with a Negotiated Interval.

3.1.1 Access Service Order (Cont'd)

3.1.1.1 Access Order Service Date Intervals (Cont'd)

(B) Negotiated Interval (Cont'd)

(3) (Cont'd)

When placing an Access Order, a Customer may request an Advance Order Interval for a service date of 12 to 24 months from the Application Date for the following services:

- A minimum of 24 voice grade equivalent Switched Access Service lines or trunks or 720 BHMCs

Orders for less than the minimum quantities will be accommodated under Standard or Negotiated Interval provisions. Advance Order Interval Access Orders are subject to all ordering conditions of Standard and Negotiated Interval Access Orders except for the following:

(1) Advance Payment

A nonrefundable Advance Payment will be calculated as follows: Advance Payment The minimum monthly charge for (Nonrefundable) the minimum period plus the applicable Nonrecurring Charges for the services ordered.

This Advance Payment is due ten (10) working days from the date the Company confirms acceptance of the order, or on the Application Date, whichever date is the later date. If the Advance Payment is not received by such payment date, the order will be canceled.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS (CONT'D)**3.1 Access Services (Cont'd)****3.1.1 Access Service Order (Cont'd)****3.1.1.2 Access Order Modifications**

The Customer may request a modification of its Access Order at any time prior to notification by the Company that service is available for the Customer's use or prior to the service date, whichever is later.

Any increase in the number of Switched Access Service lines, trunks or busy hour minutes of capacity or CCSA signaling connections will be treated as a new Access Order (for the increased amount only).

(A) Service Date Change Charge

Access Order service dates for the installation of new services or rearrangements of existing services may be changed, but the new service date may not exceed the original service date by more than thirty (30) calendar days. When, for any reason, the Customer indicates that service cannot be accepted for a period not to exceed thirty (30) calendar days, and the Company accordingly delays the start of service, a Service Date Change Charge will apply. If the Customer requested service date is more than thirty (30) calendar days after the original service date, the order will be canceled by the Company and reissued with the appropriate cancellation charges applied.

A Service Date Change Charge will apply, on a per order per occurrence basis, for each service date changed. The applicable charge is found in Section 5.1.1.

3.1 Access Services (Cont'd)

3.1.1 Access Service Order (Cont'd)

3.1.1.2 Access Order Modifications (Cont'd)

(A) Partial Cancellation Charge

Any decrease in the number of ordered Switched Access Service lines, trunks or busy hour minutes of capacity ordered with a Standard or Negotiated Interval Access Order will be treated as a partial cancellation and the charges as set forth in Section 3.1.1.3 following will apply. Partial cancellation charges do not apply to Advance Order Interval Access Orders.

(B) Design Change Charge

The Customer may request a design change to the service ordered. A design change is any change to an Access Order which requires engineering review. Design changes do not include a change of customer premises, end user premises, end office switch, Feature Group type except for changes to Feature Group D. Changes of this nature will require the issuance of a new order and the cancellation of the original order with appropriate cancellation charges applied.

The Design Change Charge will apply on a per order per occurrence basis, for each order requiring a design change. The applicable charge is found in Section 5.1.1.

If a change of service date is required, the Service Date Change Charge will also apply.

3.1 Access Services (Cont'd)

3.1.1 Access Service Order (Cont'd)

3.1.1.2 Access Order Modifications (Cont'd)

(C) Design Change Charge

DSO Order Expedite Charge

The Company will impose an expedite charge on any order for circuits requested by the customer to be installed earlier than the standard interval for DS0 orders. A charge of (\$25.00) twenty-five dollars per DS0 expedited, regardless of service address, will be assessed to the customer.

(D) Expedited Order Charge

When placing an Access Order for service(s) for which Standard Intervals exist, a Customer may request a service date that is prior to the Standard Interval service date. A Customer may also request an earlier service date on a pending Standard, Negotiated or Advance Order Interval Access Order. If the Company agrees to provide service on an expedited basis, an Expedited Order Charge will apply.

If the Company receives a request for an expedited service date at the time a Standard Interval Access Order is placed, the Expedited Order Charge is calculated by summing all the nonrecurring charges associated with the order and then dividing this total by the number of days in the Standard Interval. The charge is then applied on a per day of improvement basis, per order, but in no event shall the charge exceed fifty percent of the total nonrecurring charges associated with the Access Order.

(C) Expedited Order Charge (Cont'd)

A Customer may cancel an Access Order for the installation of service at any time prior to notification by the Company that services available for the Customer's use or prior to the service date, whichever is later. The cancellation date is the date the Company receives written or verbal notice from the Customer that the order is to be canceled. The verbal notice must be followed by written confirmation within ten (10) days. If a Customer or a Customer's end user is unable to accept Access Service within thirty (30) calendar days after the original service date, the Customer has the choice of the following options:

- The Access Order shall be canceled and charges set forth in following will apply, or
- Billing for the service will commence.

If no cancellation request is received within the specified thirty (30) calendar days, billing for the service will commence. In any event, the cancellation date or the date billing is to commence, as applicable, shall be the 31st day beyond the original service date of the Access Order.

(D) Cancellation of an Access Order (Cont'd)

(1) Installation of Service (Cont'd)

Nonrecurring charges are one-time charges that apply for a specific work activity (i.e., installation or change to an existing service). Types of nonrecurring charges that apply for Switched Access Service are: installation of service and service rearrangements.

(1) Installation of Service

Nonrecurring charges apply to each Switched Access Service installed. For Switched Services ordered on a per trunk basis, the charge is applied per trunk or out of band signaling connection. For Switched Services ordered on a busy hour minutes of capacity basis, the charge is also applied on a per trunk basis but the charge applies only when the capacity ordered requires the installation of an additional trunk(s). In addition, nonrecurring charges apply when an out of band signaling connection is installed for use with FGD.

Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new service. The Customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

3.1.1.7 Network Blocking Charge

The Customer will be notified by the Company to increase its capability (busy hour minutes of capacity or quantities of trunks) when excessive trunk group blocking occurs on groups carrying Feature Group D traffic and the measured access minutes for that hour exceed the capacity purchased.

If the order for additional capacity has not been received by the Company within fifteen (15) days of the notification, the Company will bill the Customer, at the rate set forth in 5.1.3(C) following, for each overflow in excess of ordered capacity.

3.1.2 Standard Rate Categories

The following rate categories apply to all forms of Switched except as stated in 3.1.3:

- Carrier Common Line
- Local Transport
- End Office

(A) Carrier Common Line

The Carrier Common Line rate category provides for the use of Company common lines by Customers for access to end users to furnish Customer intrastate communications. Carrier Common Line is provided where the Customer obtains Company provided Switched Access Service.

(1) Limitations

- (a) A telephone number is not provided with Carrier Common Line.
- (b) Detail billing is not provided for Carrier Common Line.
- (c) Directory listings are not included in the rates and charges for Carrier Common Line.
- (d) Intercept arrangements are not included in the rates and charges for Carrier Common Line.
- (e) All trunk side connections provided in the same combined access group will be limited to the same features and operating characteristics.

(2) Undertaking of the Telephone Company

Where the Customer is provided with Switched Access Service under this tariff, the Company will provide the use of Company common lines by a Customer for access to end users at rates and charges as set forth in Section 5.1.2 following.

- (a) The Customer facilities at the premises of the ordering Customer shall provide the necessary on-hook and off-hook supervision.
- (b) All Switched Access Service provided to the Customer will be subject to Carrier Common Line charges, excluding the Common Channel Signaling Access exemption.

(4) Common Channel Signaling Access Exemption

The Common Channel Signaling Access Signal Transfer Point (STP) Port Termination charge, as set forth in Section 5.1.3 following, is not subject to a Carrier Common Line charge.

(5) Rate Regulations

- (A) The Carrier Common Line charges will be billed per access minute to each Switched Access Service Customer.
- (b) When the Customer reports interstate and intrastate use of Switched Access Service, the Carrier Common Line charges will be billed only to intrastate interLATA and/or intraLATA Switched Access Service access minutes based on the data reported by the Customer set forth in Section 2.3.3 preceding.

(B) Local Transport (Cont'd)

The Company will provide Direct Trunked Transport between a Customer's premises and the Company's end office switch(es) upon request. At the Customer's option, Entrance Facility, Direct Trunked Transport, and STP Link Transport, may be provided by the Company, by the Customer, or by another carrier. If Direct Trunk Transport facilities are terminated at a Company end office switch location by a Customer, or by another carrier on behalf of a Customer, Entrance Facility Termination charges as described in 3.1.2(B)(1) will apply, but no other Local Transport elements will be charged. Where Common Channel Signaling Access is ordered by a Customer that uses Direct Trunk Transport facilities, the STP Port charge as described in 3.1.2(B)(7) will also apply.

The following paragraphs describe the Local Transport rate elements. Local Transport - Entrance Facility; Common Switched Transport; Transport Multiplexing; Direct Trunked Transport; Interconnection Charge;

(1) Local Transport-Entrance Facility

A Local Transport-Entrance Facility provides the communication path between a Customer's premises and the Company serving wire center of that premises for the sole use of the Customer. The Local Transport-Entrance Facility category is comprised of a DS1 rate. A Local Transport-Entrance Facility is required whether the Customer's premises and the serving wire center are located in the same or different buildings.

(2) Local Transport-Common Switched Transport

- (a) The Local Transport Termination rate provides for that portion of the voice frequency transmission path at the end office and at the Customer's premises.
- (b) The Local Transport Facility rate provides for that portion of the voice frequency transmission path between the end office and at the Customer's premises.

(3) Transport Multiplexing

The Local Transport multiplexing feature allows for a DS3 facility to be channelized into 28 DS1 services or for a DS1 facility to be channelized into 24 Voice Grade or Voice Grade equivalent services. Multiplexing is available at the serving wire center of the customer premises or a collocation location, or at the company's premises. The multiplexing rates and charges are set forth in Section 5.1.4.

(4) Local Transport- Direct Trunked Transport

The Local Transport-Direct Trunked Transport provides the transmission path from the serving wire center of the Customer's premises to an end office or as an option from the serving wire center to a tandem. This transmission path is dedicated to the use of a single Customer.

The Local Transport-Direct Trunked Transport rate category is comprised of a monthly fixed rate and a monthly per mile rate based on the facility provided. The fixed rate provides the circuit equipment at the ends of the transmission links. The per mile rate provides the transmission facilities, including intermediate transmission circuit equipment, between the end points of the circuit. The Local Transport-Direct Trunked Transport rate is the sum of the fixed rate and the per mile rate. For purposes of determining the per mile rate, mileage shall be measured as airline mileage between the serving wire center of the Customer's premises and the end office or directly to the access tandem using the V&H coordinates method.

(5) Local Transport-Interconnection Charge

The Local Transport-Interconnection Charge provides for interconnection with the Company's Switched Access network. This rate element will be applied to all Switched Access minutes of use (except Local Exchange Access Service) that originate or terminate at a Company end office.

(6) Local-Transport Facilities

DS1 facilities are available for Local Transport-Entrance Facilities and for Local Transport-Direct Trunked Transport facilities. A DS1 facility is capable of transmitting electrical signals at a nominal 1.544 Mbps, with the capability to channelize up to 24 voice-frequency transmission paths.

(7) Common Channel Signaling Access

(8) Common Channel Signaling Access (CCSA) is comprised of a STP Port Termination rate and a STP Link Transport rate.

(9) The STP Port Termination rate provides for the point of termination to the signal switching capability of the STP.

(10) The STP Link Transport rate provides for the transmission facilities between the serving wire center of the customer designated premises and the Company STP.

(C) End Office

The End Office rate category provides the local end office switching and end user termination functions necessary to complete the transmission of Switched Access communications to and from the end users served by the Company's end office. The End Office rate category consists of the Local Switching rate element.

The Local Switching rate element provides for: a) the use of end office switching equipment; b) the terminations for the end user common lines terminating in the local end office; and c) the termination of a call at a Company Intercept operator or recording. The operator or recording tells a caller why a call, as dialed, could not be completed, and if possible, provides the correct number. Intercept rates are assessed to a Customer based on the total number of access minutes.

Automatic Number Identification (ANI) provides the automatic transmission of a seven or ten digit number and information digits to the Customer's premises for calls originating in the LATA, to identify the calling telephone number. The ANI feature is an end office software function which is associated on a call-by-call basis with (1) all individual transmission path in a trunk group routed directly between an end office and a Customer's premises or, where technically feasible, with (2) all individual transmission paths in a trunk group between an end office and an access tandem, and a trunk group between an access tandem and a Customer's premises. The Shared End Office Trunk Port provides for the termination of Tandem Switched Transport to an end office.

Access minutes for all Switched Access Service subject to the Shared End Office Trunk Port will be multiplied by the per minute rate set forth in Section 5.1.4.

3.1 Access Services (Cont'd)

3.1.2 Standard Rate Categories (Cont'd)

(D) Toll Free Data Base Access Service

Toll Free Data Base Access Service is a service offering utilizing originating trunk side Switched Access Service. The service provides for the forwarding of end user dialed toll free calls to a Company Service Switching Point which will initiate a query to the database to perform the Customer identification and delivery function. The call is forwarded to the appropriate Customer based on the dialed toll free number. Any dial around compensation relating to pay telephones will be billed in accordance to procedures and rates proscribed by the Federal Communications Commission. The Company reserves the right to bill end users of its toll free service for any dial around compensation costs the Company may incur.

(1) Customer Identification Charge

The Toll Free Data Base Access Service Customer Identification applies for the identification of the appropriate Customer. The charge is assessed to the Customer on a per query basis and may include an area of service which may range from a single NPA/NXX to an area consisting of all LATAs and NPAs in the State of Ohio.

(2) Toll Free Number Reservation

The Toll Free Number Reservation service applies to the request of the Customer to have the Company attempt to reserve a specific toll free number for the Customer. The Company will not guarantee that a specific toll free number in any of the toll free prefixes (800, 877, 888, 866 or future prefixes as designated by NANPA) will be available at the time a Customer requests the specific number.

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS (CONT'D)

3.1 Access Services (Cont'd)

3.1.2 Standard Rate Categories (Cont'd)

(E) Local Exchange Service

1) Definition

As used in this section, "local exchange call" means a telephonic communication (a) that is originated by a company that is authorized by the appropriate regulatory agency to provide local exchange telephone service, (b) that originates and terminates within a single "exchange area" or "local calling area" as defined in the approved tariffs of the originating company, and (c) that is dialed to an NPANXX code directly assigned to the Company in the State of Ohio.

2) Description

Local Exchange Service is a service offering providing trunk side access to the Company's end office switches in the terminating direction only, for use by authorized providers of local exchange telephone service for the completion of local exchange calls that originate in the State of Ohio and terminate to the Company's end users in the State of Ohio. Local Exchange Service must be provided to a Point of Interface (POI) which will be established jointly by the Company and the customer at a location within the State of Ohio and in the same LATA as the Company end office at which the local exchange call will terminate. Local Exchange Service provides a trans- mission path between the POI and the Company's end user.

3) Obligations of the Local Exchange Provider

(a) The Company may request an annual audit of the authorized local exchange provider billings for Local Exchange Services (calls originating from the Company's end-user to the authorized local exchange provider's end-user). The audit requirement is needed to ensure accurate billing between local exchange calls and non-local exchange calls.

(b) The authorized local exchange provider will be requested to provide a forecast of total usage by each trunk group or facility ordered from the Company for each POI used in a Local Exchange Service arrangement.

4) Rating of Local Exchange Service

For billing purposes, Local Exchange Service calls originating from an authorized local exchange provider and terminating on the Company's network (for completion to a Company end user) will be rated at the Company's end office.

5) Rate Regulations

Local Exchange Service will consist of the following rate categories.

(a) Terminating Usage

The Terminating Usage rate will be applied on a per minute of- use basis, as set forth in 5.1.3 following, for the completion of calls from a authorized local exchange provider end-user to a Company end-user.

(b) Direct Trunked Transport

Direct Trunked Transport provides the communication path between an authorized local exchange provider's POI and the Company's end office for the sole use of the authorized local exchange provider. The Direct Trunked Transport rates are billed on a monthly recurring and a per mile basis as specified in Section 5.1.3(B) of this tariff. A Customer may use a single Direct Trunk in conjunction with Local Exchange Service and other Switched Access Services. The Company shall require the Customer to file a Percentage of Local Usage (PLU) report which should, upon ordering Direct Trunked Transport from the Company, be revised on a quarterly basis.

(c) Service Orders

The Service Order charges as specified in Section 5.1.1 of this tariff will apply on a per order basis.

(d) Other Standard Charges

Standard charges set forth in 3.1.2 do not apply to Local Service, except for the specific rate elements identified in (b) and (c) above.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS (CONT'D)**3.2 Miscellaneous Services****3.2.1 Presubscription**

- (A) Presubscription is an arrangement whereby an end user designate to the Company an interexchange carrier (IC) to access, without an access code, for intrastate interLATA calls and interstate interLATA calls subject to the Company's FCC Access Tariff. This IC is referred to as the end user's Primary Interexchange Carrier (PIC). The end user may select as its PIC the

Company, or any other IC that orders originating Feature Group D Switched Access Service at the end office that serves the end user. After the end user's initial selection of a pre-designated IC, for any additional change in selection, a non-recurring charge, as set forth in Section 5.3.1, applies.

- (B) At the request of a new or existing end user served by a Feature Group D end office, the Company will provide a list of ICs the end user may select as its PIC. At no additional charge for the initial selection, the customer may choose either of the following options.

- Designate an IC as a PIC and dial 10XXX or 101XXXX to reach other ICs.
- Designate that they do not want to be presubscribed to any IC and choose to dial 10XXX or 101XXXX for all calls to all ICs.

New end users subscribing to the Company's Local Exchange Service that do not specify a PIC will default to the Company as their initial PIC selection. Subsequent to the installation of Local Exchange Service, and after the end user's initial selection of a PIC, for any additional change in selection, a nonrecurring charge as set forth in Section 5.3.1, applies. This charge is billed to the end user that is the subscriber to the Local Exchange Service and applies only for selection of an IC which provides only intrastate service.

TARIFF SECTION 3 - SERVICE AND RATE DESCRIPTIONS (CONT'D)

3.2 Miscellaneous Services (Cont'd)

3.2.2 Number Portability

(A) General

Number Portability is a service arrangement provided by to subscribers of the Company's Local Exchange Access Service, as set forth in 3.1.3(B) preceding. Number Portability allows an End User who switches from the Company's local exchange service to that of another certified local exchange carrier to retain the use of their existing Company assigned telephone number, provided the customer remains at the same location.

Number Portability utilizes a telephone number and electronic switching facilities to automatically forward all incoming calls to the Company assigned telephone number to the terminating telephone number assigned by another certified local exchange carrier.

Number Portability provides a single call path for the forwarding of no more than one simultaneous call to the forwarding call number. Additional call paths for the forwarding of multiple simultaneous calls are available on a per path basis at an additional charge.

All other access, local and toll rates and charges for all services ordered by the Customer, as set forth in other sections of this tariff and the Company's local exchange and federal access tariffs, continue to apply.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 4 - BILLING AND COLLECTION SERVICES**4.1 General**

The Company will provide the following services:

- Recording Service
- Automatic Number Identification (ANI)
- Billing Name and Address (BNA)

4.2 Recording Service

Recording is the entering on magnetic tape or other acceptable media the details of Customer messages originated through Switched Access Service. Recording is provided 24 hours a day, 7 days a week.

The Company will provide Recording Service in association with the offering of Feature Groups B for 900 Access Service and D Switched Access Service for Customer messages that can be recorded by Company provided automatic message accounting equipment. At the request of the Customer, Recording Service will be provided for Feature Group D Switched Access Service on an end office and type of call basis. Type of call means message telecommunications service (MTS) including 700 and 900 Service, calls originating and/or terminating over a WATS access line, and station message detail recording for MTS and calls originating from a WATS access line.

The Company will provide Recording Service in its operating territory. The minimum territory for which the Company will provide Recording Service is all the appropriately equipped offices in a state operating territory for which the Customer has ordered Feature Group B for 900 service or D Switched Access Service. A state operating territory of particular telephone company includes all its LATAs or market areas which are located in the same state including the areas in contiguous states which are assigned to such LATAs or market areas and served by the same Company.

For Feature Group B for 900 Access Service and FG D Switched Access Service the term "customer message" used herein denotes an intrastate call originated by a Customer's end user. Station message detail recording is an optional feature which provides a record of customer messages originated by MTS and WATS access lines. Such detail will be provided as part of Feature Group D end office and type of call Recording Service when requested by the Customer.

TARIFF SECTION 4 - BILLING AND COLLECTION SERVICES (CONT'D)**4.2 Recording Service (Cont'd)****4.2.1 Undertaking of the Company**

- (A) The Company will record all customer messages carried over Feature Group B for 900 Access Service and FG D Switched Access Service that are available to Company provided recording equipment of operators. Unavailable customer service messages will not be recorded. The recording equipment will be provided at locations selected by the Company.
- (B) A standard format for the provision of the recorded customer message detail will be established by the Company and provided to the Customer. If, in the course of Company business, it is necessary to change the format, the Company will notify the involved Customers six months prior to the change. Assembly and Editing, Provision of Customer Detail, Data transmission to a Customer location, special orders for recording and program development will be provided to the Customer on a contractual basis.
- (C) Recorded customer message detail which is used at the request of the Customer to provide Message Processing and Message Bill Processing Service is not retained by the Company for longer than forty-five (45) days. The rated but unbilled message detail and the billed message detail will be retained for reference in place of the recorded customer message detail Issued:

For recorded customer message detail not used by Message Processing Service at the Customer's request, the Company will make every reasonable effort to recover recorded Customer message detail previously made available to the Customer and make it available again for the Customer. The charges as set forth in 5.4.1 following will apply for all such detail provided. Such a request must be made within thirty (30) days from the date the details were initially made available to the Customer.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 4 - BILLING AND COLLECTION SERVICES (CONT'D)**4.4 Billing Name and Address Service**

Billing Name and Address (BNA) Service is the provision of the complete billing name, street address, city or town, state and zip code for a telephone number assigned by the Company.

BNA Service is provided for the sole purpose of permitting the Customer to bill its telephone communications service to its end users and may not be resold or used for any other purpose, including marketing activity such as market surveys or direct marketing by mail or by telephone.

The Customer may not use BNA information to bill for merchandise, gift certificates, catalogs or other services or products.

BNA Service is provided on a manual basis. On a manual basis, the information will be provided by mail. Information may be provided by either voice telecommunications or through electronic mail if agreed to by both the Company and the requesting customer.

BNA information is furnished for sent-paid, collect, bill to third number, 700 and 900 service messages and messages charged to a calling card that is resident in the Company's data base.

4.4.1 Undertaking of the Company

- (A) A request for information on over 100 and up to 500 telephone numbers should be mailed to the Company. The Company will provide the response by first class U.S. Mail within ten (10) business days.
- (B) The BNA information will be provided for the calling number furnished to the extent a billing name and address exists in the Company's records, including non-published and non-listed numbers. If the billing name and address information for a specific calling number is confidential due to legal, national security, end user or regulatory imposed requirements, the Company will provide an indicator on the confidential records.
- (C) The Company will provide the most current BNA information resident in its database. Due to normal end user account activity, there may be instances where the BNA information provided is not the BNA that was applicable at the time the message was originated.

TARIFF SECTION 4 - BILLING AND COLLECTION SERVICES (CONT'D)**4.4 Billing Name and Address Service (Cont'd)****4.4.2 Obligations of the Customer (Cont'd)**

- (A) With each order for BNA Service, the Customer shall identify the authorized individual and address to receive the BNA information.
- (B) The Customer shall institute adequate internal procedures to insure that BNA information, including that related to non-published and non-listed telephone numbers, is used only for the purpose set forth in this tariff and that BNA information is available only to those Customer personnel or agents with a need to know the information. The Customer must handle all billing name and address information designated as confidential by the Company in accordance with the Company's procedures concerning confidential information. The Company will provide to the Customer a statement of its procedures concerning confidential information.
- (C) The Customer shall not publicize or represent to others that the Company jointly participates with the Customer in the development of the Customer's end user records, accounts, data bases or market data, records, files and data bases or other systems it assembles through the use of BNA Service.
- (D) When the Customer orders BNA Service for both interstate and intrastate messages, the projected percentage of interstate use must be provided in a whole number to the Company. The Company will designate the number obtained by subtracting the projected interstate percentage from 100 (100-projected interstate percentage = intrastate percentage) as the projected intrastate percentage.

This whole number percentage will be used by the Company to apportion the rates and nonrecurring charges between interstate and intrastate in those circumstances where the recorded message detail is not sufficient to permit the Company to determine the appropriate jurisdiction. This percentage will remain in effect until a revised report is received as set forth following.

TARIFF SECTION 4 - BILLING AND COLLECTION SERVICES (CONT'D)

4.4 Billing Name and Address Service (Cont'd)

4.4.2 Obligations of the Customer (Cont'd)

(D) (Cont'd)

Effective on the first of January, May, July and October of each year the Customer may update the jurisdictional report. The Customer shall forward to the Company, to be received no later than twenty (20) calendar days after the first of each such month, a revised report showing the interstate percentage of use for the past three months ending the last day of December, March, June and September, respectively. Except where jurisdiction can be determined from the recorded message detail, the revised report will serve as the basis for the next three months billing and will be effective on the bill date in the following month (e.g., February, May, August and November).

No prorating or back billing will be done based on the report. If the Customer does not supply the report, the Company will assume the percentages to be the same as those provided in the last quarterly report. For those cases in which a quarterly report has never been received from the Customer, the Company will assume the percentages to be the same as those provided in the order for service.

- (E) The Company shall use reasonable efforts to provide accurate and complete lists. The company makes no warranties, expressed or implied, as to the accuracy or completeness of these lists.

CARRIER TO CARRIER ACCESS SERVICES TARIFF

TARIFF SECTION 4 - BILLING AND COLLECTION SERVICES (CONT'D)**4.4 Billing Name and Address Service (Cont'd)****4.4.3 Rate Regulations**

- (A) Service Establishment Charges apply for the initial establishment of BNA Service on a manual basis.
- (B) A charge applies for each request for BNA information for a telephone number provided on a manual basis.

The Company will keep a count of the requests and of the messages processed. The Company will bill the Customer in accordance with these counts whether or not the Company was able to provide BNA information for all requests and messages.

- (C) Where the recorded message detail is sufficient to determine a message is an intrastate message, the rates set forth in 5.4.3 following apply to each such message. Usage for which the recorded message detail is insufficient to determine jurisdiction will be prorated by the Company between interstate and intrastate.

The percentages provided in the reports as set forth in 4.4.2(D) preceding will serve as the basis for prorating the charges. The intrastate charges are determined as follows: For usage sensitive (e.g., requests or messages processed) chargeable rate elements, multiply the intrastate percent times actual use times the stated tariff rate.

- (D) When a Customer cancels an order for BNA Service after the order date, the Service Establishment Charge applies.

EXHIBIT B

Description of Services

Applicant will be providing services only on a wholesale basis to other telecommunications providers. Applicant has no current plans to offer or provide any dial-tone services or to provide any services to residential or business end users.

B-1 How Service is Provisioned

RCLEC will initially operate in Ohio as a wholesale carrier offering transport services to other providers. To support these services, RCLEC is currently constructing a nation-wide network, which includes a core structure of transport circuits connected to high-capacity soft switches and media gateways in carrier hotels in New York, Miami, Los Angeles, San Francisco, Chicago and Dallas. Customer traffic will be picked up at one of two “super POPs” located in Virginia and California where RCLEC’s equipment will be collocated with RCLEC’s customers’ equipment for handoff of traffic, which is then transported across RCLEC’s backbone network to the appropriate switch for routing to a terminating carrier. The super POPs utilize fault tolerant, redundant equipment platforms connected to fully redundant circuits and carrier diverse meshed backbone, ensuring ensure a high level of reliability for customer traffic.

1. Location and description of facilities used to serve Ohio customers

RCLEC will receive and send traffic for Ohio customers from providers and will route that traffic to its switch and media gateway located in New York. RCLEC will utilize high capacity trunks between ILEC and RCLEC as well as obtaining backhaul facilities from other carriers to connect to ILEC access tandems or other points of interconnection in order to route traffic to and from Ohio end users of RCLEC’s carrier customers. RCLEC will monitor its network serving customers in Ohio from a network operation center.

2. Description of plans to build, locate, acquire or expand facilities in Ohio

RCLEC initially will purchase or lease network facilities from the ILEC or other carriers in Ohio, so it does not anticipate engaging in any construction for its initial network deployment. If RCLEC anticipates the need to engage in construction of facilities at a later date, it will obtain all necessary permits and regulatory approval prior to such construction.

B-2 Description of Proposed Services

RCLEC, Inc. proposes to provide its wholesale long distance services state-wide in Ohio, and local exchange services in AT&T, Verizon and CenturyLink territories. All services provided by Applicant will be facilities-based or resale. These facilities will use existing structures and as such will not result in any environmental damage. Services to be provided include:

Wholesale Transit Services

Wholesale Local Loop Services

IntraLATA toll voice services

InterLATA toll voice services

High capacity circuits: T-1s, DS1, DS3, OC 3, OC12, OC48, OC192

B-3 Statement about Provision of CTS Services

RCLEC does not currently offer CTS services under separate CTS authority, and will be including those services within its CLEC filing.

B-4 Description of Proposed Market Area

RCLEC plans to provide local exchange service in all areas in Ohio currently serviced by AT&T Ohio, Cincinnati Bell, CenturyLink (formerly Embarq) and Frontier North (formerly Verizon) where customer demand arises.

B-5 Explanation of How Proposed Market Area is in the Public Interest

The Commission has determined that the public interest would be served by ensuring competition in the local exchange, intraLATA toll and interLATA markets. RCLEC proposes to compete with the incumbent LECs, other competitive local carriers, and providers of long distance services by providing high quality, fairly-priced, innovative telecommunications services. RCLEC's entry into the market will make efficient use of existing communications resources and increase diversification and reliability in the supply of communications services.

B-6 Description of Class of Customers Served

RCLEC intends to provide wholesale local exchange and interexchange services to other telecommunications providers in the state of Ohio.

- ☐ If the agent is an individual and using a P.O. Box, check this box to confirm the agent is an Ohio resident.

The entity above irrevocably consents to service of process on the agent listed above as long as the authority of the agent continues, and to service of process upon the Ohio Secretary of State if:

- A. an agent is not appointed, or
- B. an agent is appointed but the authority of that agent has been revoked, or
- C. the agent cannot be found or served after the exercise of reasonable diligence.

Pursuant to Ohio Revised Code 1703.29 (A), a foreign corporation is required to pay an additional \$250 fee if the application is being made to enable the corporation to prosecute or defend a legal action. Please see Ohio Revised Code or the instructions for more information.

- ☒ No, the corporation is not filing for this purpose and an additional fee is not included.
- ☐ Yes, the application is being filed for this purpose and the additional \$250 fee is included with the filing fee.

If yes then:

Pursuant to Ohio Revised Code 1703.29(B), a foreign corporation that began transacting business in Ohio prior to 2009 without a license may be required to provide a certificate from the tax commissioner which states that the corporation has paid all franchise taxes which it should have paid had it qualified to do business in this state.

Did the corporation begin transacting business in Ohio prior to 2009?

- ☐ Yes, the D4 certificate from the tax commissioner is attached.
- ☒ No, the corporation began transacting business in 2009 or later, therefore, a D4 certificate is not required.

EXHIBIT D

Documentation Attesting to Financial Viability

RCLEC's financial statements (including balance sheets and income statements are provided in Confidential Exhibit D. This information demonstrates that RCLEC has sufficient financial resources to fund the Applicant's operations fully, and is committed to do so.

RCLEC requests confidential treatment of its financial information. RCLEC is a privately-held company and therefore its financial information is not publicly available. RCLEC takes all reasonable steps to protect the privacy of its financial information. In situations where RCLEC must provide its financial information to other public utilities commissions or governmental entities, it does so under seal and requests confidential treatment. Therefore, RLEC is submitting a Motion for a Protective Order and submitting the financial statements under seal.

D-1 Executive Summary of Financial Condition, Liquidity, and Capital Resources

RCLEC is well-qualified financially to operate within the State of Ohio. As outlined in more detail in Exhibits D-2 and D-3, the Applicant has demonstrated that it possesses the requisite financial, technical, and managerial resources and abilities to provide all forms of resold and facilities-based local exchange telecommunications service.

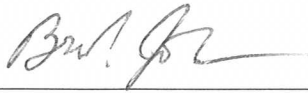

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF OHIO**

**DECLARATION OF BRUCE JOHNSON IN SUPPORT OF RCLEC, INC.'S
APPLICATION FOR CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY**

1. My name is Bruce Johnson and I am the Secretary for RCLEC, Inc. ("RCLEC" or the "Company"). I am an authorized representative and duly appointed officer of the Company. My business address is 1400 Fashion Island Blvd., 7th Floor, San Mateo, California 94404.
2. RCLEC was incorporated in the state of Delaware on January 26, 2012. RCLEC operates on a calendar year basis and its financial statements, which are attached to this application, are prepared in accordance with generally accepted accounting principles in the United States ("US GAAP"), except that they do not include the footnotes required under GAAP.
3. RCLEC currently provides service in California and Florida. RCLEC has been certified to operate in 10 other states and plans to begin offering service in those states in a phased roll out.
4. RCLEC has sufficient financial resources to fund its operations as well as its ongoing operations.
5. RCLEC is a wholly owned subsidiary of RingCentral, Inc., ("RingCentral"), a publicly traded Delaware corporation, which provides VoIP services. RingCentral is the primary source of funding for RCLEC.
6. RingCentral recently completed a successful initial public offering and a secondary offering which yielded a substantial amount of cash for operations and growth. In addition, RingCentral has substantial and growing revenues.
7. RingCentral's management has committed to provide the necessary financial resources for RCLEC's operations during its start-up phase and its operational phase.
8. In addition, RingCentral has access to a sizeable open line of credit with Silicon Valley Bank that may be drawn against as funds are needed for capital growth and for equipment.
9. RCLEC is a co-borrower with RingCentral for the line of credit. Therefore, RCLEC could draw funds from this loan if needed.

I declare under penalty of perjury under the laws of the state of Ohio that the above information is true and correct to the best of my knowledge and belief.

Bruce Johnson
RCLEC, INC. Secretary
April 24, 2014

CALIFORNIA ALL-PURPOSE ACKNOWLEDGMENT

CIVIL CODE § 1189

EXHIBIT E

Managerial Ability and Corporate Structure

E-1 Technical and Managerial Expertise

The management team of RCLEC has extensive experience in providing telecommunications services and has, by its successful operation in other states, demonstrated its ability to provide high-quality, reliable and reasonably-priced services.

John Marlow, President and Chief Executive Officer of RCLEC, Inc.

Mr. Marlow serves as President and Chief Executive Officer of RCLEC, Inc. Mr. Marlow also oversees business and legal affairs at RingCentral, RCLEC's parent company. For the last six years, Mr. Marlow has worked as RingCentral's General Counsel and Senior Vice President of Corporate Development.

Before joining RingCentral, Mr. Marlow was the founding and managing partner of Entrepreneurs Law Group (ELG), a boutique law firm based in San Francisco specializing in corporate, securities, tax, intellectual property, venture capital, mergers and acquisitions and licensing matters. During his five years at ELG, Mr. Marlow represented companies in a broad range of industries, including software, hardware, information technology, and telecommunications.

Before founding ELG, Marlow was a partner in the San Francisco office of Reed Smith, a full-service international law firm. Prior to that, Mr. Marlow was a partner at Crosby, Heafey, Roach & May, LLP, a law firm that was acquired by Reed Smith.

Mr. Marlow received his law degree from University of California Berkeley School of Law (Boalt Hall) in 1994, and a Bachelor's degree, *summa cum laude*, from Colgate University.

Mahesh Patel, Treasurer and Chief Financial Officer of RCLEC, Inc.

Mr. Patel serves as Treasurer and Chief Financial Officer of RCLEC, Inc. Mr. Patel has over 13 years' experience and skills in finance planning and analysis, audits, SEC filings, technical accounting leadership, and ledger and financial close management.

Mr. Patel has served as the Vice President and Corporate Controller for Intematix Corp., where he was responsible for SEC filings, audits, improving internal financial controls and financial reporting systems, and accounting management. Prior to that, Mr. Patel was Senior Director of Finance and Corporate Controller and Director at QualcommAtheros, Inc., where he developed the company's Finance Planning & Analysis function, and developed reporting requirements for multiple product lines and business unit income statements. Mr. Patel managed accounting close function processes, including consolidations, revenue, credit and collections, and supervised an accounting staff of more than 25 individuals worldwide. Mr. Patel was also responsible for SEC reporting and technical accounting. Mr. Patel has also worked as an Experienced Senior Auditor at Pricewaterhouse Coopers and as a Senior Consultant at Ernst & Young.

Mr. Patel holds a Juris Doctorate degree from Golden Gate University, School of Law. Mr. Patel is a Certified Public Accountant in the State of California. He received his Bachelor of Science degree in Business Administration from the University of California, Riverside.

Bruce Johnson, Secretary of RCLEC, Inc.

Mr. Johnson serves as Secretary of RCLEC, Inc. Mr. Johnson also serves as Vice President, Legal, of RCLEC's parent company, RingCentral, Inc.

Mr. Johnson has over 25 years' experience as an attorney, and has served as in-house legal counsel to telecommunications-related companies for 14 years. Mr. Johnson served as Associate General Counsel of Atheros Communications, Inc., a provider of wireless and wired connectivity semiconductors and systems, where he handled and effectively managed every aspect of Atheros becoming and remaining a publically traded company in good legal standing. He served as Senior Director and Legal Counsel for Qualcomm Atheros, Inc. following the acquisition of Atheros by Qualcomm Incorporated. Prior to that, Mr. Johnson served as General Counsel to Vyvo, Inc., and prior to that, Mr. Johnson was an Associate and Partner at Bay Venture Counsel, LLP, a law firm, and an Associate at Brobeck, Phleger & Harrison, a law firm.

Mr. Johnson holds a Juris Doctorate degree from University of California at Los Angeles, School of Law. Mr. Johnson received his Bachelor of Arts degree in Economics and English from Duke University.

Jeff Slater, Senior Director of Voice Gateways of RCLEC, Inc.

Mr. Slater serves as the Senior Director of Voice Gateways at RCLEC, Inc.

Mr. Slater has 30 years managerial experience in the telecommunications industry. Mr. Slater's experience includes executive management, business plan development, product and service development, engineering, network implementation, operations management, back office integration, vendor and facility contract negotiations, regulatory and compliance processes, and development of new sales channels both domestically and internationally.

Mr. Slater has served as the Chief Operating Officer of Covista Communications, providing traditional long distance, UNE-based local service and next generation SIP trunking and hosted PBX products to residential and business customers throughout the US. Prior to that, he was President of Broadvox, a CLEC providing next-generation local service using and providing IP originated and terminated calls.

As Vice President of Business Development at CIMCO, Mr. Slater was responsible for planning the next generation of products, services and network topologies for the company. Mr. Slater was responsible for managing the IP-based SMB business initiative, building network strategies to overcome UNE regulatory issues, mapping CoEu, wireless and fiber network strategies, and auditing all internal process to secure retroactive and prospective cost savings.

As the President of Cedar Valley Communications, Mr. Slater succeeded in developing and implementing a reorganization plan, attaining positive cash flow, and attracting equity investments resulting in the sale of the Company.

Mr. Slater has also held executive positions as Founder and President of JTek Systems, Chief Operating Officer of TotalTel, a Covista Communications Company, Vice President of Operations of Charter Network, and Director of Lexicom.

Mr. Slater received his degree in Business from DePaul University.

Curtis Lee Peterson

Mr. Peterson serves RCLEC in a consulting capacity to contribute his technological and managerial knowledge to RCLEC, Inc.

Mr. Peterson has established his ability to rapidly grow businesses when he helped NuVox grow from a \$550,000 business to \$550M in ten years. Mr. Peterson also has strong skills in VOIP, IP Networking, and Information Technology. His information technology experience includes software design and design management, hardware and network design, security, implementation and deployment, virtualization/cloud services management of rapid application development, and multi-department project management. His network operations experience includes VOIP, TDM, wireless, aggregation, content delivery networks, data centers, high availability applications, network design and operation, and SAAS.

Mr. Peterson developed his technical and managerial skills in his long career at NuVox (previously NewSouth Communications, Inc.). As Vice President of Center Operations of NuVox, he managed 120 technical professionals, improving the customer base and reliability of the VoIP network. Mr. Peterson oversaw the operations of 29 Class 5 switches, 40 Central Office Sites, 500+ collocations, 4 Customer (SAS-70 II certified) data centers, 24 Softswitch gateways, 16 state MPLS / IP network with over 550 routers, and the VOIP platform.

Mr. Peterson worked in diverse managerial positions throughout his career at NuVox, including Director of Data Product Development/Senior Manager of Data Products, Director of Customer Marketing, and Director of IT. Prior to that, Mr. Peterson was Director of IP Operations at Talk.com (formerly Omnicall), and District Technology Coordinatory for a multi-campus school district.

Mr. Peterson holds a degree in Computer Engineering from Auburn University in Auburn, Alabama.

E-5 Verification that RCLEC, Inc. will maintain local telephony records separate from other accounting records in accordance with GAAP

RCLEC hereby verifies that it will maintain local telephony records separate and apart from other accounting records in accordance with GAAP.

E-6 Compliance with Affiliate Transaction Requirements

RCLEC hereby verifies that it will comply with any affiliate transaction requirements.

EXHIBIT F

Documentation Attesting to Proposed Interactions with Carriers

The Company plans on offering services in all ILEC territories in Ohio as needed by potential customers and will submit requests for interconnection to each of the ILECs in Ohio within 30 days of receiving approval from the PUCO.

F-1 Rate Derivation

RCLEC will derive its rates from interconnection agreements, wholesale agreements, resale and other tariffs, and analysis of the costs of its own facilities.

F-2 Explanation of Service Areas with Approved Interconnection or Resale Agreement

RCLEC is in the process of seeking interconnection agreements with AT&T Ohio, Cincinnati Bell, CenturyLink Ohio (formerly Embarq) and Frontier (formerly Verizon), and will begin providing service as soon as practicable after interconnection.

RCLEC intends to simply adopt interconnection agreements already in place between these ILECs and other LECs.

RCLEC has no plans to construct facilities, but will utilize facilities of ILECs and other CLECs as needed.

EXHIBIT G

Documentation Attesting to Proposed Interactions with Customers

G-1 Statement Regarding No Advance Payment for Dial Tone

RCLEC does not intend to provide local services which require a customer to pay in advance of receiving dial tone.

G-2 Sample Bill and Disconnection Notice

RCLEC will not be providing residential service so disconnection notice is being submitted.
