Paws Animal Shelter

Three little kittens dream of finding forever homes. Two of the kittens are Mitten Paw Kittens with big paws. Mitten Kittens are also called Polydactyl, Bigfoot or Hemingway Kittens (named after the author Ernest Hemingway, who owned mitten-pawed cats as pets). Mitten Paw Kittens are unusual and considered to be lucky. Snowball is a white male kitten with an adorable black striped tail and markings. Angel is a sweet Mitten Paw girl with orange tiger and white markings. She has a pattern on her back that looks just like angel wings. Rudy is a longhair tiger and white male with huge Mitten Paws. Rudy has the softest fur you will ever touch. These captivating kittens like to play and are very social. They would love to curl up on the couch with you or chase a toy. They are litter box trained and eat kitten chow. The 3 kittens all have their first shots. They tested negative for feline leukemia. Consider adopting a darling kitten. These kittens are being fostered in a home and are not located at Paws Animal Shelter. If you want to see them you will need to call Paws Animal Shelter and make an appointment. They will steal your heart. Stop by Paws Animal Shelter at 1535 West US Highway 36, Urbana, Ohio 43078 or call 937-653-6233. There are many wonderful cats and dogs at the shelter waiting for good homes.
