Re: PUCO Formal Complaint Against First Energy Solutions

Service address:
13900 Detroit Avenue
Lakewood, OH 44107

Our electricity supplier, First Energy Solutions, is seeking payment in the amount of \$377.89 which they say represents additional costs they incurred in order to provide us electricity, due to the fact that the month of January 2014 was an extremely cold month. They deem the record low temperatures of January 2014 as a "pass-through event", and claim that, per our agreement with them, we are responsible to pay the attached invoice.

As a customer who signed a "fixed price" agreement with First Energy Solutions, we feel it is not our responsibility to pay these additional charges, as they are above and beyond the price we agreed to pay for our electricity supply. Please refer to line 2.0 on the attached Fixed Price Pricing Attachment.

We respectfully request the PUCO review these charges, and notify First Energy Solutions that it is contrary to our agreement, and contrary to the common notion of "fixed price" contracts, that they try to collect this additional payment from us.

RE: Customer / Account Number **08034292771450000188**

Dear Customer,

January was an extremely cold month with temperatures reaching record lows, which resulted in record levels of energy use. Throughout the month, PJM Interconnection (PJM) – the regional transmission organization (RTO) that coordinates reliability and wholesale electricity in our region – initiated emergency operations. As a result, PJM incurred extremely high ancillary services costs to purchase the power needed to keep the electric system reliable throughout these severe conditions. PJM billed these costs to suppliers that serve customers throughout the region, including FirstEnergy Solutions.

You were a FirstEnergy Solutions customer when these costs were incurred. Therefore, pursuant to your agreement with FirstEnergy Solutions, these additional ancillary services charges are a "pass-through event." This is your invoice for the one-time RTO Expense Surcharge.

For more information about the RTO Expense Surcharge, you can visit fes.com/RTOexpenseCI or call FirstEnergy Solutions at 1-888-809-8436, weekdays between 8 a.m. and 5 p.m.

Thank you for choosing FirstEnergy Solutions as your electric generation supplier.

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

Detach and return bottom portion with payment.
