- (3) R.C. 4905.10(A) requires that any reporting entity pay a \$100 minimum assessment regardless of intrastate gross revenues. R.C. 4905.54 empowers the Commission to assess a forfeiture of not more than \$10,000 per day for each violation or failure of a public utility or railroad, or an officer of a public utility or railroad, to comply with an order, direction, or requirement of the Commission made under authority of R.C. Chapter 4905.
- (4) In the Commission's August 7, 2013 Entry in Case No. 13-01-AU-RPT, all reporting companies were put on notice that the Commission intends to begin assessing a \$1,000 civil forfeiture, pursuant to R.C. 4905.54, for any company that fails to comply by the reporting deadline, absent good cause shown. Such an assessment would be in addition to any amounts owed to this Commission or the OCC.
- (5) On January 22, 2014, the Commission issued a Finding and Order (January 22, 2014 Order) in this docket, directing all reporting entities to file its annual report using the new on-line filing system by April 30, 2014, or file for an automatic 30-day extension in this docket. Any reporting company unable to use the on-line system was directed to contact the Commission's Docketing Division to request paper forms and instructions. Appendix A of the January 22, 2014 Order listed all companies holding certificate or operating authority during 2013, and directed such companies to file a report for each certificate or authority held, even if the company did not have intrastate gross earnings during the 2013 calendar year. Further, all certified electric and gas retail suppliers, including brokers and aggregators who do not take title to the power or gas (who were previously permitted to report zero sales), must now report all gross revenues derived from Ohio intrastate transactions.
- (6) On April 30, 2014, the attorney examiner issued an entry granting all entities until May 30, 2014, to submit their reports. The additional time for filing was permitted to ensure that all companies had been apprised of their filing obligations, and that any technical issues with the new system had been resolved.
- (7) Attached to this order is a list of all certificates or operating authorities for which the Commission's records reflect that no annual report has been filed for the 2013 calendar year. We
