In the Matter of the Application of Hardin Wind LLC for a Certificate of Environmental Compatibility and Public Need for a 345kV Transmission Line in Hardin County - Case No. 13-1768-EL-BTX

Mr. Chairman and Members of the Ohio Power Siting Board:

I write to inform you of my opposition to the proposed Scioto Ridge Wind Farm project to be sited in Logan County and Hardin County. I am a resident of Logan County and live in close proximity to Indian Lake and the Indian Lake State Park. I believe that the installation of the wind turbines will have a negative impact on my community. Please reconsider your decision to locate the Scioto Ridge Wind Farm so close to Indian Lake.

These wind turbines are a menace. They are already federally funded and then the UK wants a tax abatement. The tax payers have had enough. Then we also will receive higher DP&L electric bills. More Ohio citizens need to know what will be happening. This energy is not able to be stored. Not cost effective. Give me a coal plant over wind turbines.

Sincerely,
Shirley Schroth
