**GENERAL WATER SERVICE LARGE QUANTITY USERS**

**Available For**

All new and existing general water service customers (1) whose average consumption exceeds 1,200,000 cubic feet (9,000,000 gallons) per month, regardless of meter size, (2) are located adjacent to a water distribution main that is adequate and suitable for supplying the requested service, and (3) who agree to be bound by the terms of this tariff sheet for an initial period of twelve months.

**Special Terms and Conditions**

In order to qualify for the water rates provided on this sheet, the customer agrees:

- (1) To establishment of an Annual Base Period water usage level for one-year pricing purposes that is equal to the average of the customer's most recent two calendar years' total water purchases, or for new customers, from estimates agreed to by the customer and the company;
- (2) To guarantee to purchase, or pay for, on a monthly basis and as a Minimum Monthly, an amount of water equal to 6% per month of the Annual Base Period water usage level, as determined above;
- (3) That the cost of Minimum Monthly purchases shall be determined as of the date service commences under this tariff, and shall be priced at the current General Water Service volumetric rates for such purchase levels;
- (4) That water purchases under this tariff shall be for an initial period of twelve months, but may be continued under this tariff (with annual review and reestablishment, when appropriate, of the customer's Annual Base Period water usage level) unless terminated by either party after thirty days' advance written notice. Water purchases under this tariff may be adjusted for succeeding tariff pricing changes; however, all such tariff pricing changes will only be changed under direction of the Public Utilities Commission of Ohio;
- (5) When a customer elects to avail itself of this tariff, such customer shall remain so classified for a period of at least twelve months. Should such customer elect to leave this tariff, it shall not again be permitted to avail itself of this tariff until at least twelve months have elapsed but, during such period, such customer shall obtain service under the regular tariff for General Water Service; and
- (6) That other general terms and conditions of water service in effect shall also be effective for service under this tariff sheet.

**Water Rates**

Monthly water purchases in excess of the Minimum Monthly purchase levels described in item (2) above, which do not exceed the monthly average usage of the Annual Base Period water usage level by more than two times, will be priced at a rate of \$0.20854 per hundred gallons.

Monthly water purchases, which exceed the monthly average usage of the Annual Base Period water usage, level, as described in item (1) above, by more than two times, will be paid for at the volumetric rates applicable for General Water Service.

**PRIVATE FIRE SERVICE**

The rates for private fire service are based upon the size of the service, and no additional charges will be made for fire hydrants, hose connections, sprinkler systems, or standpipes connected to and supplied by such private fire services.

<u>Size of Service</u>	<u>Rate Per Month</u>
2" Diameter & smaller	\$11.14
2-1/2" Diameter	\$17.46
3" Diameter	\$25.07
4" Diameter	\$44.53
6" Diameter	\$100.27
8" Diameter	\$178.32
10" Diameter	\$278.59
12" Diameter	\$401.15

This Private Fire Service rate applies to former Ohio American customers. At the inception of this revised tariff provision, current Private Fire Service customers in Franklin and Portage Counties will remain on the grandfathered sprinkler head rate of \$1.24 per month if the service line rate would produce a higher rate to the former Ohio American customer than the sprinkler head rate. Former Ohio American customers will be entitled to receive the grandfathered rate only as long as the former Ohio American customer receives the same private fire service as received at the time the sprinkler head rate was grandfathered. Eligible former Ohio American customers in Franklin and Portage Counties will continue to pay the grandfathered rate of \$1.24 per sprinkler head until the Commission sets a different rate or the rate is eliminated.
