**Re: Northwest Ohio Wind Energy, LLC, now Trishe Wind Ohio, LLC,
Case No. 13-0197-EL-BGN**

Dear Ms. McNeal:

On December 16, 2013, the Ohio Power Siting Board ("Board") issued a Certificate of Environmental Compatibility and Public Need subject to a number of conditions to Northwest Ohio Wind Energy, LLC ("NOWE"). On August 19, 2014, an application was filed requesting the Board to approve/recognize that the NOWE certificate is now held by Trishe Wind Ohio, LLC ("Trishe")

Condition No. 11 of the Board's Order requires the following:

The Applicant shall not commence any construction of the facility until it has a signed an Interconnection Service Agreement with PJM, which includes construction, operation, and maintenance of system upgrades necessary to reliably and safely integrate the proposed generating facility into the regional transmission system. The Applicant shall provide a letter stating that the agreement has been signed or a copy of the signed agreement to Staff.

This letter is to inform the OPSB Staff that Trishe, the successor in interest, is in compliance with the Condition No. 11. An interconnection agreement has been entered into with Trishe, PJM Interconnection, LLC ("PJM"), and AEP Ohio Transmission Company, Inc. The interconnect queue position is V1-011 with PJM, which is now in Trishe's name as an assignment letter was executed in July 2014.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
