

**BEFORE THE
PUBLIC UTILITIES COMMISSION OF OHIO**

In the matter of the application of The)	
Ohio Edison Company and Walgreen)	
Company to Commit Energy)	Case No. 14-0165-EL-EEC
Efficiency/Peak Demand Reduction)	
Programs)	

NOTICE OF FILING AMENDMENT TO JOINT APPLICATION

The Ohio Edison Company ("Ohio Edison") hereby provides notice of its filing of an amendment to the Application to Commit Energy Efficiency/Peak Demand Reduction Program ("Application") that it filed jointly with Walgreen Company ("Walgreens") on July 28, 2014. Ohio Edison and Walgreens now file this amendment to the Application in order to provide a revised Exhibit 3 for various project sites.

Respectfully submitted,

/s/ Lindsey Sacher

ATTORNEYS FOR OHIO EDISON

Exhibit 3 Utility Cost Test

UCT = Utility Avoided Costs / Utility Costs

Project	Total Annual Savings, MWh (A)	Utility Avoided Cost \$/MWh (B)	Utility Avoided Cost \$ (C)	Utility Cost \$ (D)	Cash Rebate \$ (E)	Administrator Variable Fee \$ (F)	Total Utility Cost \$ (G)	UCT (H)
1	15	\$ 308	\$ 4,669	\$ 270	\$568	\$151	\$ 989	4.7
Total	15	\$ 308	4,669	270	\$568	\$151	989	4.7

Notes

- (A) From Exhibit 2, = kWh saved / 1000
- (B) This value represents avoided energy costs (wholesale energy prices) from the Department of Energy, Energy Information Administration's 2009 Annual Energy Outlook (AEO) low oil prices case. The AEO represents a national average energy price, so for a better representation of the energy price that Ohio customers would see, a Cinergy Hub equivalent price was derived by applying a ratio based on three years of historic national average and Cinergy Hub prices. This value is consistent with avoided cost assumptions used in EE&PDR Program Portfolio and Initial Benchmark Report, filed Dec 15, 2009 (See Section 8.1, paragraph a).
- (C) = (A) * (B)
- (D) Represents the utility's costs incurred for self-directed mercantile applications for applications filed and applications in progress. Includes incremental costs of legal fees, fixed administrative expenses, etc.
- (E) This is the amount of the cash rebate paid to the customer for this project.
- (F) Based on approximate Administrator's variable compensation for purposes of calculating the UCT, actual compensation may be less.
- (G) = (D) + (E) + (F)
- (H) = (C) / (G)
