**MOTION TO INTERVENE OF
OHIO ADVANCED ENERGY ECONOMY**

Pursuant to Ohio Revised Code (“R.C.”) Section 4903.221 and Ohio Administrative Code (“O.A.C.”) Rule 4901-1-11, Ohio Advanced Energy Economy (“OAEE”) respectfully moves for leave to intervene in the above-captioned proceeding. The Public Utilities Commission of Ohio (“Commission”) should grant this Motion to Intervene because OAEE has a real and substantial interest in this proceeding, and the Commission’s disposition of this proceeding may impair or impede OAEE’s ability to protect that interest. OAEE believes that its participation will not unduly prolong or delay this proceeding and that OAEE will significantly contribute to the full development and equitable resolution of the issues in this proceeding. Additionally, OAEE’s interests will not be adequately represented by other parties in this proceeding. Accordingly, and for these reasons and as set forth in the Memorandum in Support attached hereto and incorporated herein, OAEE respectfully requests that the Commission grant this Motion to Intervene.

Respectfully Submitted,

MEMORANDUM IN SUPPORT

The above-captioned proceeding was initiated by Ohio Edison Company, The Cleveland Electric Illuminating Company and The Toledo Edison Company (collectively, the “Companies”) on August 4, 2014. The Companies initiated this proceeding in order to obtain Commission review and approval of its Standard Service Offer to be completed via the Electric Security Plan (“ESP”) proposed by the Companies.

By Entry dated August 13, 2014, the Commission established a procedural schedule for its consideration of the ESP requiring that impacted parties file motions to intervene by October 1, 2014. Thus, OAEE’s submission of this Motion is timely.

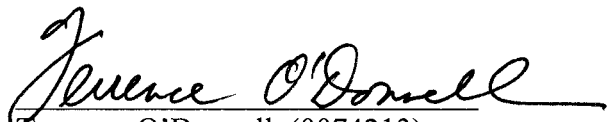

OAEE should be permitted to intervene in the above-captioned proceeding because it has real and substantial interests in the proceeding. OAEE is a diverse coalition of advanced energy developers and manufacturers, educational institutions, governmental authorities and others formed to educate policy makers and the general public about advanced energy issues in Ohio. OAEE’s mission is to build and foster a robust advanced energy economy in Ohio, drive technology innovation and implementation and position Ohio as a global energy and manufacturing leader by enhancing and aligning existing business networks and assets. OAEE is

concerned that the ultimate resolution of the matters to be addressed in this proceeding—including, without limitation, modifications to the Alternative Energy Rider and the source of generation proposed as part of the Economic Stability Program and Retail Rate Stability Rider—could have a substantial effect on the development of advanced energy throughout the state and region.

Consistent with the requirements of R.C. Section 4903.221 and OAC Rule 4901-1-11, OAEE is a real party in interest herein, whose interest is not now represented, who can make a contribution to the proceeding and will not unduly delay the proceeding or prejudice any existing party. OAEE submits that its interest is not represented by existing parties; that it will contribute to the just and expeditious resolution of the issues and concerns that are set forth in this proceeding; that its participation in this proceeding will not cause undue delay or unjustly prejudice any existing party; and that its participation will help ensure that the proceeding is fair to its membership.

WHEREFORE, OAEE respectfully requests that its motion to intervene be granted.

Respectfully Submitted,
