INVESTIGATION AND AUDIT DIVISION
PUBLIC UTILITIES COMMISSION OF OHIO

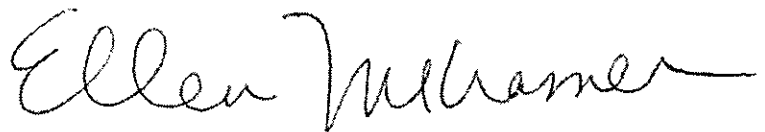

Dear PUCO:

Please do not approve the First Energy's recent request to reduce energy efficiency programs it already had in place.

I feel very strongly about this issue for a variety of reasons. The most significant of these is that I want energy pollution reduced and I also want Ohio utilities to provide cleaner energy sources. I am the parent of three young children who should not have to deal with the continued debasement of their environment so that First Energy can earn additional profits. Additionally, I should not have to pay for First Energy to continue polluting our air with outdated coal burning technology.

I strongly urge you not to approve First Energy's recent request.

Very truly yours,

Ellen M. Kramer
