COMMENT DESCRIPTION:

PLEASE FILE OPPOSITION COMMENT UNDER CASE #: 14-1297-EL-SSO

Coal is a dead end. Please do not allow First Energy to raise consumer rates in order to fund a bailout and keep those dinosaurs spewing toxins into our air and water and driving climate change. First Energy customers would rather pay for green alternatives, which also gets Ohio moving towards a more competitive economic future. Tell First Energy that if their coal plants aren't already up to par, it's time to abandon them, or better still, embrace the future and repurpose them as clean plants.
