RE: Case No. 14-0740-EL-REN
Maywood Photovoltaic Project
September 23, 2014 Questions Delivered to jay.grafton@powerfactorscorp.com

Dear Mr. Siegfried:

On October 6, 2014, Indianapolis Power & Light Company received your inquiry regarding the August 14, 2014, Maywood Photovoltaic Project Application for Certification as an Eligible Ohio Renewable Energy Resource Generating Facility and respectfully submits the following responses:

Question 1: The responses to Sections B – E list several different organizations (Hanwha Q Cells USA, IP&L, Power Factors LLC). What is the role of each of these entities for the Maywood PV Project?

Answer 1: B. Legal Name of the **Facility Owner**:

The legal owner of the Maywood Photovoltaic Project is:
HQC Maywood, LLC.

C. Name, address, telephone number and web site address under which the **Applicant will do business in Ohio** is:

Indianapolis Power & Light Company (“IPL”) is the owner of the S-RECs under the terms of the PPA with HQC Maywood, LLC. IPL will be doing business in Ohio in regards to entering into transactions for the S-RECs generated by the solar facility.

D. Name of Generation Facility **Operation Company**:

HQC Maywood, LLC, operates the facility and manages the day-to-day functions.

Case No. 14-0740-EL-REN
Maywood Photovoltaic Project

E. Regulatory/Emergency Contact:

The engineering firm under contract to respond to 24 hour emergencies at the facility is Power Factors LLC.

Questions pertaining to this application should be directed to:

Legal Name of Contact Person: Anita Johnson
Title: Administrative Assistant
Organization: Indianapolis Power & Light Company
Street Address: One Monument Circle
City, State, Zip: Indianapolis, IN 46204
Phone: 317-261-6714
Fax: 317-261-5054
Email Address: anita.johnson@aes.com
Web Site Address: www.IPLpower.com

Question 2: The facility's capacity is listed as 8 MW – if AC, what is the facility's DC capacity?

Answer 2: The facility's AC capacity is 8 MW; the facility's DC capacity is 10.86 MW.

Question 3: Of the facility's 36,556 modules, how many are 295W and how many are 300W?

Answer 3:	<u>Wattage</u>	<u># Modules</u>
	295W	20,406
	300W	16,150

Question 4: With respect to the applicant's intentions to register the facility with M-RETS, has the registration been completed or is it still currently pending?

Case No. 14-0740-EL-REN
Maywood Photovoltaic Project

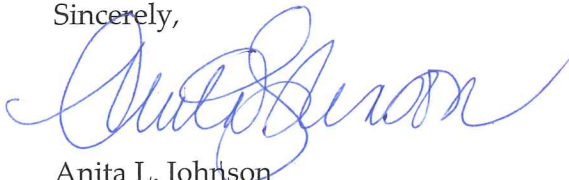

Answer 4: The M-RETS registration was completed July 17, 2014, and is pending approval of the meter reporting process between IPL and M-RETS. IPL anticipates this will be finalized next week.

Question 5: Does the PPA under Rate REP with IP&L include the S-RECs associated with this facility, or are the S-RECs retained by another entity?

Answer 5: Indianapolis Power & Light Company ("IPL") is the owner of the S-RECs under the terms of the PPA with HQC Maywood, LLC, the facility owner.

Should you have any additional questions or concerns on this Application, please contact me by email at anita.johnson@aes.com or call (317)261-6714.

Sincerely,

Anita L. Johnson
Administrative Assistant

Good morning Jay,

Can you please provide an update as to the status of responses to the questions below?

As you may already be aware, our certification process entails an auto approval mechanism. As the auto date for this case is fast approaching, I may need to seek suspension of this case unless we receive responses within the next day or two. If you have any questions, please let me know.

Thank you,

Stuart M. Siegfried

Subject: Maywood Photovoltaic Project, Case No. 14-0740-EL-REN

Good morning,

I am currently in the process of reviewing the certification application filed in case no. 14-0740-EL-REN. <http://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=14-740&x=0&y=0> During the course of my review, I have developed the questions listed below. Please provide answers to these questions by filing such answers in the docket for case 14-0740-EL-REN. If most convenient, the responses can be prepared as a Word document and then converted to PDF for e-filing. Responses within 10 business days will help ensure that the application does not have to be suspended.

1. The responses to Sections B – E list several different organizations (Hanwha Q Cells USA, IP&L, Power Factors LLC). What is the role of each of these entities for the Maywood PV Project?
2. The facility's capacity is listed as 8 MW – if AC, what is the facility's DC capacity?
3. Of the facility's 36,556 modules, how many are 295W and how many are 300W?
4. With respect to the applicant's intentions to register the facility with M-RETS, has the registration been completed or is it still currently pending?
5. Does the PPA under Rate REP with IP&L include the S-RECs associated with this facility, or are the S-RECs retained by another entity?
