Public Utilities Commission of Ohio
Attention Case No. 14-0841-EL-SSO
180 East Broad St.
Columbus, OH 43215

I feel Duke Energy should not be permitted to have customers pay for their old coal energy plants. As a matter of fact, when I heard of this issue, I was rather incredulous that there was even consideration of allowing this. It is so important that we take advantage of cleaner energy sources, and not force energy consumers to pay Duke to create additional pollution.

Duke Energy needs to be responsive to their customers on this issue. And the Utilities Commission needs to represent the best interests of the customs, not Duke Energy.

Sincerely,

Shirley VanAbbema
