Docketing Case No.: 14-1297-EL-SSO

Notes:

COMMENT DESCRIPTION:

PLEASE FILE OPPOSITION COMMENT UNDER CASE #: 14-1297-EL-SSO.

I'm writing to express my opposition for FirstEnergy's requested bailout of their coal power plant. FirstEnergy is trying to raise customer's bills to pay for its aging, dirty coal plants. This is wrong.

Coal, which generates nearly 70 percent of electricity in Ohio, is a dangerous fuel known to cause major air pollution and negatively impact public health while contributing to climate disruption. FirstEnergy's coal plants are not competitive with today's market prices for electricity and their coal plants spew toxic pollution into our air and water.

Ohioans deserve better.

I urge you to deny deny these coal plant bailout requests. Please don't make Ohioans pay more for dirty energy they don't want. Instead, invest in renewable energy and energy efficiency.  
Thank you.
