Staff Interrogatories – Initial Set**

Question 1: In section J. you state that the Regional Transmission Organization area that your facility is located in is DP&L. All of DP&L's territory is within the Geographic Area of PJM Interconnection, L.L.C. So your facility is within the Geographic Area of PJM Interconnection, L.L.C., correct?

Question 2: In section K you stated that you are currently registered in an attribute tracking system, which is GATS. GATS requires that your system be certified in at least one state before you register with GATS. What state is your system certified in? If your system is not certified in any state yet please provide your GATS generation ID# once you register with GATS.

Answer 2: **I am not certified in another state. Upon receiving my PUCO certification number the GATS generation ID# will be provided.**

Question 3: In section N.1.e you listed the meter reading as 256.7 kWh. The screenshot shows 2567.7 kWh. What is the correct meter reading?
