Attention Case No. 14-0841-EL-SSO
180 East Broad Street
Columbus, Ohio 43215

To Whom It May Concern,

My name is Angie Irick-Margeson I live in Mason Ohio. I am a 48 year old mother of two so it goes without saying I am very concerned about the environment our children will be inheriting.

I also want to save money on my electric bill. With those two thoughts in mind I urge our utilities to provide cleaner energy sources for our electricity.

My family and I care about reducing toxic pollution and saving money on our electric bills by supporting clean energy instead.

A bailout for Duke to pay for old coal plants would cause *all* of our rates to go up no matter what energy company we buy from.

My husband works a full time job *and* a part time job, and I work *two* part time jobs and we do not feel we should have to pay for Duke to continue polluting our air with outdated technology.

Duke Energy should be held accountable to their customers, not their shareholders.

Thank you,
