Public Utilities Commission of Ohio  
Attention Case No. 14-0841-EL-SSO  
180 East Broad Street  
Columbus, OH 43215

Dear Commission Members:

We support Ohio Citizen Action's campaign on behalf of clean energy and oppose the efforts of Duke Energy to keep outdated power plants in operation.

We believe the Public Utilities Commission of Ohio should be encouraging clean, renewable energy that protects the environment, improves air quality in the state, and mitigates the harmful effects of air pollution on the health of Ohio citizens.

For the sake of future generations, we must move away from oil and coal to sustainable, less-polluting sources of energy.

Sincerely,

 

Clyde Brown

Gayle K. Brown
