Hi,

I am an Ohio resident and I oppose case AEP's request to bail out its old dirty coal plants. Dirty coal plants make Ohioans sick and I don't want to pay to keep them running. I hope my voice would be heard and taken into consideration as this is for our kids and all of us residing in Ohio. All of us deserve clean air and clean water....

Thanks,

Subject: Fw: AEP Bailout

As an AEP customer, I oppose a bailout for AEP's dirty coal fueled plants. They need to be closed and replaced with renewable energy. We could all have solar panels on our roofs and feed into the grid our excess electricity.
