In the Matter of the Application for Certification)	
as an Eligible Ohio Renewable Energy Resource)	Case No. 14-1314-EL-REN
Generating Facility for Janet Blum)	

Findings and Recommendations of the PUCO Staff

Case History

Marcel Witmer on behalf of Janet Blum (Applicant) filed an application on July 30, 2014, for certification of a renewable energy resource facility owned by the Applicant. The name of the 14.52 kW solar photovoltaic generating facility is Janet Blum (facility), located at 3080 Old State Rd, Telford, PA 18969.

On August 25, 2014, Staff sent the Applicant an interrogatory to ascertain that the meter used to measure the output of the facility conforms to relevant Ohio rules ([OAC 4901:1-40-04\(D\)\(1\)](#), [OAC 4901:1-10-05\(B\)](#)). An Entry dated September 26, 2014, was issued that suspended the automatic approval process for this application. The Applicant filed additional information on November 14, 2014, which included details of a new replacement meter that was installed for the facility.

Staff Review and Recommendation

Staff has reviewed the application as well as the additional information filed by the Applicant. Staff finds that the facility meets the criteria to be certified and recommends that the Commission grant certification of the facility.
