COMMENT DESCRIPTION:

Today, AEP is asking the Ohio PUC to bail out its old coal-fired plants. Please DENY THIS REQUEST FOR TAXPAYER MONEY! Let the free market work its wisdom. If these plants are no longer viable in a capitalist economy, they should be closed down. I do not want my taxes paying for these outdated plants. Their demise is creative destruction. Let them fail. More efficient methods of electrical generation will take their place.

COMMENT DESCRIPTION:

Case #132385 I oppose American Electric Power request to bail out its old and dirty power plants. To do so would jeopardize public health and worsen the threat of catastrophic climate change.
