STIPULATION AND RECOMMENDATION

Rule 4901-1-30, Ohio Administrative Code provides that any two or more parties to a proceeding may enter into a written stipulation covering the issues presented in such a proceeding. The purpose of this document is to set forth the understanding and agreement of the parties that have signed below (Parties) and to recommend that the Public Utilities Commission of Ohio (Commission) approve and adopt this Stipulation and Recommendation (Stipulation), which resolves all of the issues raised by Parties in these cases relative to the rate schedules of Duke Energy Ohio, Inc. (Duke Energy Ohio or Company) and related matters. This Stipulation is supported by adequate data and information.

The Stipulation represents a just and reasonable resolution of the issues raised in these proceedings, violates no regulatory principle or precedent, and is the product of bargaining among knowledgeable and capable Parties in a cooperative process, encouraged by this Commission and undertaken by the Parties representing a wide range of interests, to resolve the

aforementioned issues. Although this Stipulation is not binding on the Commission, it is entitled to careful consideration by the Commission. For purposes of resolving all issues raised by this proceeding, the Parties stipulate, agree and recommend as set forth below.

Except for purposes of enforcement of the terms of this Stipulation, neither this Stipulation, nor the information and data contained therein or attached, shall be cited as precedent in any future proceeding for or against any Party or the Commission itself. This Stipulation is a reasonable compromise involving a balancing of competing positions and it does not necessarily reflect the position that one or more of the Parties would have taken if these issues had been fully litigated.

This Stipulation is expressly conditioned upon its adoption by the Commission in its entirety and without material modification. Should the Commission reject or materially modify all or any part of this Stipulation, the Parties shall have the right, within thirty days of issuance of the Commission's Order, to file an application for rehearing. Should the Commission, in issuing an Entry on Rehearing, not adopt the Stipulation in its entirety and without material modification, any Party may terminate and withdraw from the Stipulation. Such termination and withdrawal shall be accomplished by filing a notice with the Commission, including service to all Parties, in the docket within thirty days of the Commission's Entry on Rehearing. Other Parties to this Stipulation agree to defend and shall not oppose the termination and withdrawal from the Stipulation by any other Party. Upon the filing of a notice of termination and withdrawal, the Stipulation shall immediately become null and void.

Prior to the filing of such a notice, the Party wishing to terminate agrees to work in good faith with the other Parties to achieve an outcome that substantially satisfies the intent of the Stipulation and, if a new agreement is reached that includes the Party wishing to terminate, then

the new agreement shall be filed for Commission review and approval. If the discussions to achieve an outcome that substantially satisfies the intent of the Stipulation are unsuccessful in reaching a new agreement that includes all signatory Parties to the present Stipulation, the Commission will convene an evidentiary hearing such that the Parties will be afforded the opportunity to present evidence through witnesses and cross-examination, present rebuttal testimony, and brief all issues that the Commission shall decide based upon the record and briefs as if this Stipulation had never been executed. Either of the Parties may submit a new agreement to the Commission for approval if the discussions achieve an outcome they believe substantially satisfies the intent of the present Stipulation.

The Signatory Parties fully support this Stipulation in its entirety and urge the Commission to accept and approve the terms herein.

This Stipulation is the product of an open process in which all Parties were represented by able counsel and technical experts. The Stipulation represents a comprehensive compromise of issues raised by Parties with diverse interests. The only parties to the proceeding, Duke Energy Ohio, and the Commission Staff<sup>1</sup>, have signed the Stipulation and adopted it as a reasonable resolution of all issues. The Signatory Parties believe that the Stipulation that they are recommending for Commission adoption presents a fair and reasonable result.

The Signatory Parties agree that the settlement, as a package, benefits ratepayers and is in the public interest. The Signatory Parties agree that the settlement does not violate any important regulatory principle or practice.

WHEREAS, all of the related issues and concerns raised by the Parties have been addressed in the substantive provisions of this Stipulation, and reflect, as a result of such discussions and compromises by the Parties, an overall reasonable resolution of all such issues;

---

<sup>1</sup> The Commission Staff is a party for the purpose of entering into this Stipulation pursuant to O.A.C. 4901-1-10(C).

WHEREAS, this Stipulation is the product of the discussions and negotiations of the Parties and is not intended to reflect the views or proposals that any individual Party may have advanced acting unilaterally;

WHEREAS, this Stipulation represents an accommodation of the diverse interests represented by the Parties and is entitled to careful consideration by the Commission;

WHEREAS, this Stipulation represents a serious compromise of complex issues and involves substantial benefits that would not otherwise have been achievable; and

WHEREAS, the Parties believe that the agreements herein represent a fair and reasonable solution to the issues raised in this matter;

NOW, THEREFORE, the Parties stipulate, agree and recommend that the Commission make the following findings and issue its Opinion and Order in these proceedings approving this Stipulation in accordance with the following:

1. Duke Energy Ohio's Gas Cost Recovery (GCR) rates for the twelve month period ending August 28, 2014, were fairly determined by the Company in accordance with the provisions of O.A.C. Chapter 4901-1-14 and related appendices of the Ohio Administrative Code during the audit period by the Company.
