Subject: First Energy Solutions Bailout

File the following into the docket for Case # 14-1297-EL-SSO.

I would like to state my opposition to First Energy's proposed Purchased Power Agreement to bailout their failing power plants. Because of my age, well over 80, and my reluctance to drive after dark, I will not be able to attend the hearing for the FES bailout request on January 20, 2015. I will be there in spirit and opposed to the bailout.

As an all-electric homeowner, who was short changed a few years ago by First Energy's going back on its promise, this appears to me to be just another First Energy way of maintaining their monopoly in the area by keeping fair competition at their mercy. I also object to their dumping their mistakes on consumers.

Please consider how this agreement would affect all consumers, but in particular those with all-electric homes. Don't give in to them again!
