RECEIVED-DOCKETING DIV

2015 JAN -9 AM 11:25

From: Gary Eversole  
9675 Lupine Dr.  
Cincinnati, OH 45241

PUCO

To: PUCO

180 East Broad St.  
Columbus, OH 43215.

To Whom it may concern:

Please deny the rate increase requested by  
some Ohio utility companies. I pay my bill to Duke  
Energy and I care about clean air. I care  
about saving money on my utility bill. I would  
like to see more money invested in renewable  
energy. This letter is in reference to case number  
14-084/KL-SSO involving Duke Energy.

Sincerely,  
Gary Eversole

PUCO  
Case Number 14-0841EL-SSO  
180 E. Broad St.  
Columbus, OH 43215

To whom it may concern,

I am writing about Duke Energy's request in the above case number. I do not support what is a bailout for a company using old outdated inefficient technology. Inevitably they will need to invest in more up to date technology and this only delays the inevitable. Please deny the rate increase that will lock customers into paying more for Duke's services.

Sincerely,

A handwritten signature in cursive script that reads "Luke Enyart".

West Chester, OH 45069

January 6, 2015

Hello,

I am writing to express my concern about requests made by Duke Energy, AEP and First Energy for a rate increase. I am a Duke Energy customer and I am against the idea of a Purchase Power Agreement. This will require Ohio Citizens to purchase energy produced in out-dated, dirty coal plants. As you know, coal power is one of the leading causes of the green house effect which is causing such dramatic weather changes around the planet. I firmly believe that the responsible approach to our current energy situation is to reward those who seek to provide clean, cost-effective green energy. I do not want any additional money to be used to support use of coal.

Sincerely,  
Kathleen Sandman

A handwritten signature in black ink that reads "Kathleen Sandman". The signature is written in a cursive style, with the first name "Kathleen" and the last name "Sandman" clearly legible.

To the Public Utilities Commission of Ohio,

We are writing and requesting you deny the rate increase to lock consumers into buying power from Ohio's oldest, dirtiest coal plants, this delays investment in efficiency and renewable energy.

Thank you,

Robert, Denise Swartzel
