

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Joint Petition of)
Ohio Power Company and)
Ohio Edison Company) Case No. 14-1540-EL-PEB
Requesting Revision to Territorial)
Boundary Map.)

FINDING AND ORDER

The Commission finds:

- (1) Ohio Power Company (OP) and Ohio Edison Company (OE) are electric suppliers as defined in R.C. 4933.81.
- (2) Certification by the Commission of the territories of OP and OE was approved by Entries in Case No. 78-1311-EL-ORD.
- (3) On September 2, 2014, as revised on January 14, 2015, OP and OE jointly petitioned the Commission to rescind overlap "E" by OE in OP service territory in the City of Dublin, Delaware County, Ohio. Specifically, they request the following relocation:

On Quadrangle map M-14, rescind overlap area "E" served by OE in OP territory physically addressed as 10799 Drake Road, Dublin, Ohio 43017.

- (4) In support of their request, OP and OE explain that the farmhouse once located at 10799 Drake Road, Dublin, Ohio, represented on overlap "E" is now vacant land owned by M/I Homes of Central Ohio, LLC (M/I). M/I requests OP to serve the proposed home sites and OP agrees to accept M/I as a customer.
- (5) R.C. 4933.83(E), provides, in pertinent part:

Notwithstanding the effectuation of certified territories established by or pursuant to R.C. 4933.81 to 4933.90, and the exclusive right of electric suppliers to serve within such territory, and notwithstanding any other provisions of such

sections establishing rights of electric suppliers to furnish electric service, any two or more electric suppliers may jointly petition the commission for the reallocation of their own territories and electric load centers among them and designating which portions of such territories and electric load centers are to be served by each of the electric suppliers.

- (6) No objections to the reallocation described in Finding (3) have been brought to the Commission's attention.
- (7) The Commission finds that granting the requested relief will promote the purposes of R.C. 4933.81 to 4933.90, and will further promote the provision of adequate service to all territories and electric load centers affected by the relocation as required by R.C. 4933.83(E). Accordingly, the Commission finds that the joint petition is reasonable and should be approved.
- (8) The Commission, therefore, directs that the territorial boundaries of OP and OE be appropriately modified as delineated in Finding (3) and the maps of the certified territories be amended accordingly.

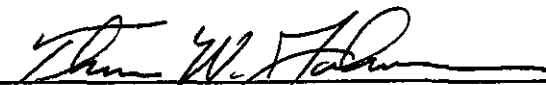

It is, therefore,

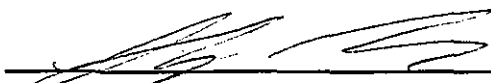

ORDERED, That the request of OP and OE to rescind overlap "E" in their territory boundaries be granted. It is, further,

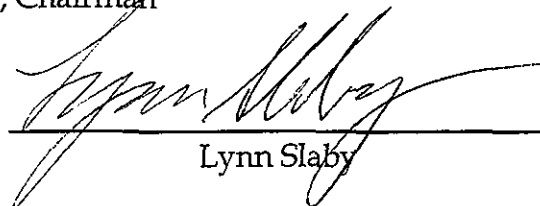

ORDERED, That the change on quadrangle map M-14, described in Finding (3), be approved to show the overlap change. It is, further,

ORDERED, That a copy of this Finding and Order be served upon each party of record.
