**VILLAGE OF NORTH BEND
ORDINANCE 2012-05**

**AUTHORIZING ALL ACTIONS NECESSARY
TO EFFECT A GOVERNMENTAL RETAIL
ELECTRIC LOADS AGGREGATION PROGRAM
WITH OPT-OUT PROVISIONS PURSUANT TO SECTION
4928.20, OHIO REVISED CODE, DIRECTING THE
HAMILTON COUNTY BOARD OF ELECTIONS
TO SUBMIT A BALLOT QUESTION TO THE
ELECTORS AND AUTHORIZING THE
EXECUTION OF AN AGREEMENT WITH DUKE
ENERGY RETAIL SALES, LLC FOR SUCH
PURPOSES AND DECLARING AN EMERGENCY**

WHEREAS, the Ohio Legislature has enacted legislation (R.C. 4928.20) which authorizes the Council of the Village of North Bend to aggregate the retail electric loads located within the Village and to enter into service agreements to facilitate for those loads the purchase and sale of electricity; and

WHEREAS, governmental aggregation provides an opportunity for residential and small business customers collectively to participate in the potential benefits of lower electric rates which they would not otherwise be able to have individually; and

WHEREAS, this Village Council seeks to establish a governmental aggregation program with opt-out provisions pursuant to Section 4928.20, Ohio Revised Code (the "Aggregation Program"), for the residents, businesses and other electric consumers in the Village, as permitted by law.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of North Bend, Ohio 6 members elected thereto concurring, that:

SECTION 1. This Council finds and determines that it is in the best interest of the Village, its residents, businesses and other electric consumers located within the limits of the Village to establish the Electric Loads Aggregation Program in the Village. Provided that this Ordinance and the Electric Loads Aggregation Program is approved by the electors of the Village pursuant to Section 2 of this Ordinance, the Village is hereby authorized to aggregate in accordance with Section 4928.20, Ohio Revised Code, the retail electric loads located within the Village, and, for that purpose, to enter into service agreements to facilitate the sale and purchase of the service for the retail electric loads. The Village may exercise such authority using Duke Energy Retail Sales, LLC, an energy broker and aggregator certified by the Public Utilities Commission of Ohio, to the full extent permitted by law. The aggregation will occur automatically for each person owning, occupying, controlling, or using an electric load center

proposed to be aggregated and will provide for the opt-out rights described in Section 3 of this Ordinance.

SECTION 2. The Board of Elections of Hamilton County is hereby directed to submit the following question to the electors of the Village at the general election in November 2012.

PROPOSED ELECTRIC AGGREGATION	
VILLAGE OF NORTH BEND	
A majority affirmative vote is necessary for passage	
Shall the Village of North Bend have the authority to aggregate the retail electric loads located in the Village of North Bend, and for that purpose, enter into service agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out, all in accordance with Section 4928.20 of the Ohio Revised Code?	
	YES
	NO

The Fiscal Officer of the Village is instructed immediately to file a certified copy of this Ordinance and the proposed form of the ballot question with the County Board of Elections not less than ninety (90) days prior to the November 2012 general election. The Electric Loads Aggregation program shall not take effect unless approved by a majority of the electors voting upon this Ordinance and the Electric Loads Aggregation program provided for herein at the election held pursuant to this Section 2 and Section 4928.20, Ohio Revised Code.

SECTION 3. Upon the approval of a majority of the electors voting at the general election provided for in Section 2 of this Ordinance, this Village Council through Duke Energy Retail Sales, LLC shall develop a plan of operation and governance for the Electric Loads Aggregation Program. Before adopting such plan, this Village Council or Duke Energy Retail Sales, LLC, on behalf of this Village Council, shall hold at least two public hearings on the plan. Before the first hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the Village. The notice shall summarize the plan and state the date, time, and location of each hearing. No plan adopted by this Village Council shall aggregate the electric load of any electric load center within the Village unless it in advance clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Electric Loads Aggregation program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions of enrollment. The stated procedure shall allow any person enrolled in the Electric Loads Aggregation Program the opportunity to opt out of the program at least every three

years, without penalty or switching fee. Any such person that opts out of the Electric Loads Aggregation Program shall default to the utility's standard service offer provided under Section 4928.35, Ohio Revised Code, unless and until that person chooses a competitive retail electric supplier.

SECTION 4. This Village Council finds and determines that all formal actions of this Village Council concerning and relating to the adoption of this Ordinance were taken in an open meeting of this Village Council and that all deliberations of this Village Council and of any committees that resulted in those formal actions were in meetings open to the public in compliance with the law.

SECTION 5. This Ordinance is declared to be an emergency measure necessary for the immediate preservation of the public health, safety and welfare of the Village, and for further reason that this Ordinance is required to be immediately effective in order to file a certified copy of this Ordinance and the proposed form of the ballot question with the Board of Elections of Hamilton County not later than ninety (90) days prior to the November 2012 general election, as provided herein; wherefore, this Ordinance shall be in full force and effect immediately upon its adoption.

SECTION 6. That the Village is hereby authorized and directed to enter into an agreement with Duke Energy Retail Sales, LLC for consulting services and any other required services related to electricity utility aggregation for the Village of North Bend and ratifying any such services heretofore performed. The Village is further authorized to enter into an agreement with either Duke Energy Retail Sales, LLC or any other supplier of the Village's choosing to serve as the supplier for the electric aggregation program.

Passed this 25th day of June, 2012.

Exhibit A-3
Operation and Governance Plan

PLAN OF OPERATION AND GOVERNANCE Electric Governmental Aggregation

Introduction. In November 2012 a majority of the voters in North Bend, Ohio, in the County of Hamilton, approved a referendum that authorized the North Bend (the "Village") to pursue Governmental Aggregation. After the Village held two public hearings on the matter, the Village approved this Plan of Operation and Governance as prescribed by Section 4928.20 of the Ohio Revised Code. The Village has developed this Plan of Operation and Governance ("Plan of Operation") in accordance with the governmental aggregation provisions in Sections 4901:1-21-16 Ohio Administrative Code. Once certified as a Governmental Aggregator, the Village will be authorized to combine multiple retail electric customer loads within its geographic boundaries (the "Aggregation") for the purpose of facilitating the purchase of electric supply Ohio's competitive retail electric market.

Governmental Aggregation Services. The Village, as a Governmental Aggregator, will serve as purchasing agent for the Aggregation. As purchasing agent, the Governmental Aggregator shall (i) select a Competitive Retail Electric Service Provider ("Provider") to supply the Aggregation, (ii) negotiate the terms of supply between the Provider and each Aggregation participant, and (iii) oversee the enrollment procedures administered by the Provider.

The Contract. The supply contract negotiated by the Governmental Aggregator for the Aggregation (the "Contract") shall be for firm, full-requirements supply. Each Aggregation participant will be individually bound to the Provider by the terms of the Contract, and will be solely responsible for payment and performance. The electric supply charges for Aggregation are included in the Contract that will be negotiated by the Governmental Aggregator. The electric supply charges will take the form of either a fixed price, all electric supply charges will be fully and prominently disclosed in consumer enrollment materials (such as the Opt-out Notice), available on the Provider's website, and available by calling the Provider's toll free customer service telephone number. The surcharge authorized under Section 4928.20(I) will not be charged.

Eligibility, Opt-out Disclosures, and Pooling Accounts. Section 490:1-21-06 of the Ohio Administrative Code requires Duke Energy Ohio, the local electric distribution utility (the "Utility") to provide the Governmental Aggregator with an account list of eligible customers, including the names, service and mailing addresses, load profile reference category, meter read schedule and historical consumption data for all eligible customers residing within the Governmental Aggregator's boundaries. The following customers are not eligible: customers already under contract with a certified electric services company; customers that have a special contract with the Utility; customers that are not located within the Governmental Aggregator's boundaries; customers on the Percentage of Income Payment Plan (PIPP) or any similar successor program; customers that have past due amounts owing to the Utility and have no existing plan to discharge such amounts; and mercantile customers. In addition, the Village intends to include in the Aggregation only those residential and non-mercantile customers with a demand of less than 100 KW and a load profile consistent with ordinary residential and small commercial use. Using this list of eligible accounts, the Provider, with the assistance of the Governmental Aggregator, will review the list to verify that the eligible accounts are located within the geographic boundaries of the Village and that no area within the Village boundaries has not been inadvertently omitted from the list. The Provider will also remove the eligible list, those customers who appear on the "do not aggregate" list as stated under division (c) of Section 4928.21 of the Revised Code. Finally the Provider will reduce the list by removing those accounts in rate classes that indicate (i) a higher demand than targeted for the Aggregation or (ii) a usage profile that is not consistent with ordinary residential and small commercial use.

Within thirty (30) days of receipt of the list from the Utility, the Provider, with assistance from the Governmental Aggregator, will prepare and mail an "Opt-out Notice" to each account that remains on the eligible list after the list has been reduced as noted above. The Opt-out Notice will inform the eligible account holder that the Governmental Aggregator has formed an automatic (or "Opt-out") aggregation, provide the price for the electric supply to the Aggregation and other terms and conditions of service, and explain how the account holder can decline participation in the Aggregation.

As required by 4901:1-28-04 of the Ohio Administrative Code, the Opt-out Notice will indicate that the account holder has 21 days to affirmatively respond by telephoning a toll-free number or returning a postcard to the provider that is included in the Opt-out Notice.

The Provider will receive all Opt-out requests and any Opt-out Notices that were undeliverable by mail, and will remove those accounts from the eligible account list. Upon completion of the 21 day Opt-out period, the Provider will notify the Utility of the remaining accounts that will form the Aggregation and through an electronic data interchange transaction, enroll the Aggregation. Upon enrollment, each participant will receive an enrollment notice from the Utility that will indicate that the enrollee may rescind its participation in the Aggregation by contacting the Utility within seven (7) business days.

In addition to the initial 21-day Opt-out period, each participant will be provided an opportunity to opt-out every three years without paying an early termination fee.

Billing Aggregation participants will receive a single, monthly bill from the Utility, which will include charges from the Provider for its electric supply, as well as the Utility distribution charges. Aggregation participants will be billed according to their Utility billing cycle.

Credit, Collections and Deposits. The Utility's credit and collection policy and policies regarding deposits will apply to the Aggregation participants and shall be administered by the Utility. Neither the Governmental Aggregator, nor the Provider will implement additional policies with respect to credit, deposits and collections.

Concerns and Complaints. Aggregation participants will have multiple means of communicating concerns and reporting complaints. As a general rule, concerns regarding service reliability and billing should be directed to the Utility. The Utility will continue to read meters, handle billing, and generally have the most information about the physical service to a location or account. Questions regarding the administration of the Aggregation should be directed to the Provider. The Provider's customer service center shall be available by telephone 24 hours per day, 7 days per week. Any unresolved disputes should be directed to the Public Utilities Commission of Ohio and/or the Ohio Consumers Counsel. As a convenience, below is a list of helpful toll-free telephone numbers.

The Provider will attempt to resolve all customer complaints in a timely and good faith manner. The Provider shall investigate and provide a status report to the customer when the complaint is made directly to them and/or the Governmental Aggregator within three (3) business days following Provider's receipt of the complaint. In the case of a Public Utilities Commission of Ohio ("PUCO") complaint, the Provider will investigate and provide a status report to the customer and PUCO staff within three (3) business days following the Provider's receipt of the complaint, or such other period of time as may be required by the PUCO. If an investigation into a complaint received from the customer or a complaint referred by the PUCO is not completed within ten (10) business days, then a status report will be given to the customer, and, if applicable, the PUCO. These status reports will be given every three (3) business days until the investigation is complete, unless the action that must be taken takes longer than three (3) business days and the customer has been notified. Final results of a PUCO-referred complaint will be provided to the PUCO either orally (telephone) or in writing (e-mail, written correspondence), no more than three (3) business days after the investigation is completed. The final results will be provided in writing to the customer no later than three (3) business days after the investigation is completed. Customers retain the right to contact the PUCO regarding complaints and disputes. All customers have the right to contact the PUCO by writing to Public Utilities Commission of Ohio, ATTN, 180 E. Broad St., Columbus, OH 43215-3793; by fax to (614) 752-8351; through their website at www.puc.state.oh.us or by calling toll free (800) 686-7826 (VOICE) or (800) 686-1570 (ITV- TDD). Records of customer complaints will be retained for two (2) years after the occurrence of the complaint. A copy of the complaint record will be provided to the PUCO within three (3) business days, if requested.

Moving within the Village. An aggregation participant who moves from one location to another within the Village boundaries and retains the same account number will remain an Aggregation participant and will receive the same price it would have received if its location had not moved.

An aggregation participant who moves from one location to another within the Village boundaries and is assigned a new account number may enroll its new account in the Aggregation and receive the same price it would have received if its location had not moved, provided the new account is eligible for Aggregation. An aggregation participant who moves within the Village and receives a new account number may be dropped from the Aggregation by the Utility, but it will not be charged an early termination fee from the Provider. If a participant is dropped from the Aggregation due to a move within the Village, the participant must contact the Provider to be re-enrolled within 60 days of being dropped.

Moving outside of the Village. An aggregation participant who moves out of the Village boundaries will no longer be eligible to participate in the Aggregation, but it will not be charged an early termination fee by the Provider.

Enrolling after the Opt-out Period. Residential and small business accounts located within the Village's boundaries that were initially eligible to join the Aggregation, but chose to Opt-out of the Aggregation, or otherwise weren't included in the Aggregation, may join the Aggregation after the expiration of the initial Opt-out Period by contacting the Provider. The rate for those joining the Aggregation after the expiration of the Opt-out Period may be different from the rate negotiated for the Aggregation by the Governmental Aggregator.

If the Provider is able to offer to newly eligible customers the same price that is provided to the current Aggregation participants, the Provider may refresh the Aggregation by providing those who move in to the Village the opportunity to be included automatically, rather than waiting until the next pricing term of the Contract. The process for refreshing the Aggregation with new enrollments would follow the process noted above for determining eligibility, providing Opt-out Notices, and pooling the accounts. (Current Aggregation participants and those who previously declined participation would not receive the Opt-out Notice intended only for newly eligible customers.)

Automatic Aggregation Disclosure

Dear North Bend Residents and Businesses,

Welcome to North Bend's Electric Aggregation Program. In 2012, North Bend voters authorized the Village Leaders to form a governmental aggregation program to negotiate a more favorable price and terms for electricity supply for Village residences and businesses. North Bend Leaders were pleased with the success of the original aggregation program with Duke Energy Retail, a competitive retail electric service provider and affiliate of Duke Energy Ohio, that they have agreed to offer a new electric aggregation program through Duke Energy Retail.

Fixed Price Electricity Plan

- Fixed Electricity Price of 5.83¢/kWh through your May 2017 meter reading.
- Provides security against electricity price fluctuations.
- One energy bill from Duke Energy, your local utility.
- Electricity price will never change for the term of this offer.
- Duke Energy will continue to maintain the electric lines and respond to emergencies.

You do not need to do anything to participate. You will be automatically enrolled in the North Bend Electric Aggregation Program. Both the Village of North Bend and Duke Energy Retail are certified by the Public Utilities Commission of Ohio to provide this service. Participation in this program is voluntary. If you choose to opt out you may do so at no charge and you will continue to be served by your current supplier. You may also opt out of this program any time after the initial enrollment period at no charge.

To opt out of the program, either:

- Fill out the reply card below and return by XXXX XX, XXXX, or
- Call us toll-free at XXX-XXX-XXXX.

If you have any questions, contact Duke Energy Retail at DukeEnergyRetail@duke-energy.com or call XXX-XX-XXXX.

Your Electric Service Terms and Conditions

When do I become a Duke Energy Retail Customer?

Once we receive your enrollment, we will send a notice to your electric utility. They will send you a letter to confirm that you want to be switched to Duke Energy Retail. After this confirmation, you will officially become our customer the next time your meter is read (with the exception if your meter is read within 12 days of your enrollment with us, in that case you become our customer the following month's meter read and this process could take up to two months.)

What is my price and how long does it last?

Your fixed price is 5.25¢/kWh – May 2014. (You will still receive additional service and delivery charges from your electric utility.) The actual fixed price has a price cap, meaning it won't ever be higher than what's stated, but we may choose to lower the price on your behalf. You'll be on this fixed rate through your May 2014 meter reading. Additional charges may be incurred in the event the regional transmission organization (the group that is responsible for moving electricity over large interstate areas) or similar entity, utility, governmental entity or agency, reliability organization, or court imposes new or additional charges or changes to existing charges. We may pass this cost (which may be variable) on to you.

What happens with my electric utility?

Nothing will change with your utility. They will continue to read your meter, send your monthly bill, and respond to any outages. Our charges for the electricity will be included on your utility bill. If you are interested in budget billing, that service would have to be arranged through the utility, as we do not offer it directly. When you enroll with us, you are allowing your utility to give us any account information needed to provide you with service.

Are there any fees to enroll?

No, there's no fee from us. Ohio law allows your electric utility to charge a switching fee.

What if I want to cancel?

You can cancel the switch to Duke Energy Retail at no charge, as long as you cancel by phone or mail within seven calendar days of the postmark on the utility's confirmation notice. Simply follow the cancellation instructions on the utility's letter.

If you want to cancel after that time, here is what will happen.

Residential & Nonresidential customers:

- If you want to cancel or switch to another supplier, no early termination fee will be charged.
- If you want to cancel during a renewal term, no termination fee will be charged.
- If you move outside the area served by us or to an area where we charge a different price, you will not be charged a termination fee.
- If you return to the utility, you may be served at different rates and terms and conditions based on the utility's tariffs.

What happens at the end of this agreement?

- We may choose to give you a renewal offer, but there are no guarantees the price will stay the same.
- If we decide to offer a renewal, we will notify you two times. We will send the first notice at least 45 days, and no more than 90 days, before the end of this agreement. We will send the second notice at least 35 days before the end of this agreement. We'll provide the rate and terms of the new offer.
- This agreement will automatically renew for up to 6 additional months at the new offer price until the agreement is canceled by either you or Duke Energy Retail. You may decide to take or leave any renewal offer but, if you don't tell us otherwise, **the agreement can be renewed by us, without your affirmative consent, even if we are changing the price or any other terms.**
- At the end of any renewal term, this agreement may again be renewed the same way.
- Whenever you switch back to the utility, you may or may not be served under the same rates, terms, and conditions that apply to other customers of the utility.

What happens if I don't pay my bill?

- We have the right to cancel this agreement after a 14-day written notice, if you don't pay your bill or if you don't meet any payment arrangements that you and we agree to.
- If you don't pay our charges, you may be returned to your utility's regulated rate. If you don't pay your utility company's charges, you may be disconnected under the terms of the utility's tariffs.

- To reach Duke Energy Retail: DukeEnergyRetail@duke-energy.com or 1-877-331-3045 (8 a.m. to 5 p.m., Eastern Time). Our mailing address is: Duke Energy Retail, 139 East Fourth Street, EX 320, Cincinnati, Ohio 45202.
- If your complaint is not resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the public utilities commission of Ohio (PUCO) for assistance at 1-800-686-7826 (toll free) from eight a.m. to five p.m. weekdays, or at <http://www.puco.ohio.gov>. Hearing or speech impaired customers may contact the PUCO via 711 (Ohio relay service).
- The Ohio consumers' counsel (OCC) represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from eight a.m. to five p.m. weekdays, or at <http://www.pickocc.org>.

Eligibility

- In the event you sign up under the incorrect rate classification, we have the option to either, 1) terminate your contract or 2) correct the rate classification and charge you as a customer under the correct rate classification.

General

- This is the entire agreement. No amendment or modification can be enforced unless it is put in writing and agreed to by both parties (you and Duke Energy Retail).
- Government Actions – If there is any change in governing law or regulation that physically prevents or legally prohibits us from performing under this contract, then we may terminate this agreement with 45 days notice. After that, you can return to the utility to provide your electricity needs, or enroll for service from another supplier, if available.
- Warranties and Damages – There are no warranties associated with this offer or the electricity service sold. And we are not liable to you or any third party for consequential, punitive, incidental, special or other indirect damages.
- You may ask us for up to two years of your payment history. We will give you this information, for free, no more than two times in any 12 months.
- The environmental disclosure information can be found on our website at: www.DukeEnergyRetail.com.
- You also authorize us to contact the utility on your behalf to evaluate utility programs that may benefit you and to resolve utility matters on your behalf. This authorization does not permit Duke Energy Retail to contractually obligate you to any utility program.
- We will not disclose your social security number and/or account number(s) to any third party without your prior written authorization except for our collections and credit reporting, participating in programs funded by the universal service fund, or assigning this contract to another CRES provider.

Duke Energy Retail is an affiliate (a related company) of Duke Energy, an electric utility.
