**Re: Titan Gas, LLC d/b/a Titan Gas and Power
2013 Alternative Energy Portfolio Standard ("AEPS")
Compliance Report, Case No. 14-2328-EL-ACP**

Dear Ms. McNeal:

Pursuant to the February 26, 2015 Attorney Examiner Entry, requiring each electric service company to file its average cost data for the RECs that it has retired to demonstrate compliance with its 2013 AEPS obligations. Titan Gas, LLC d/b/a Titan Gas and Power's ("Titan" or "Company") calculated its 2013 compliance obligations to be zero (after rounding) based upon its proposed baseline and the 2013 statutory benchmarks. On January 16, 2015, Staff filed its Review and Recommendation in Case No. 14-285-EL-ACP finding in part that Titan has not transferred RECs and S-RECs to its PJM EIS Generation Attributes Tracking System ("GATS") reserve subaccount for Ohio compliance purposes.

Since Titan did not retire any RECs or S-RECs for 2013 compliance, Titan has no compliance obligation in 2013 and thus has no costs to report.

If you have any questions please call at the number listed above.

Sincerely,

Dylan F. Borchers
On behalf of Titan Gas, LLC d/b/a Titan Power and Gas
