Dear Ms. McNeal:

The Commission issued an Entry on February 26, 2015 in this case (Entry) ordering each electric distribution utility and electric services company with a 2013 Alternative Energy Portfolio Standard (AEPS) to file average cost data for renewable energy credits that it has retired, or will be retiring, to demonstrate compliance with its 2013 Ohio AEPS obligations. The Entry recognized that the information to be filed may be considered confidential and proprietary and can be filed under seal with a motion for protection, pursuant to Rule 4901:1-24, O.A.C. Enclosed is the public version of AEP Ohio's filing complying with the Entry. AEP Ohio is concurrently filing under seal a confidential version of the compliance filing along with a motion for protection.

Thank you for your attention to this matter.

Respectfully Submitted,
