Case No. 13-406-EL-CRS

MOTION FOR EXTENSION OF CERTIFICATE

Pursuant to recently effective Rule 4901:1-27-09(B) of the Ohio Administrative Code, All Things Energy, LLC ("All Things Energy") seeks an extension of Certificate No. 13-654E(1) which was issued on March 15, 2013 in Case No. 13-406-EL-CRS. This Certificate authorizes All Things Energy to provide competitive aggregation and power broker services in Ohio. The expiration date of Certificate No. 13-654E(1) is March 14, 2015. Due to a problem with the delivery of the renewal application by an overnight courier, All Things Energy did not file its renewal application on time. It has now filed its renewal application on February 17, 2015 which is earlier than the March 14, 2015 expiration date of its current certificate. All Things Energy respectfully requests that Certificate No. 13-654E(1) be automatically extended from March 14, 2015 until March 19, 2015 or until the date that the new renewal certificate is issued.

WHEREFORE, All Things Energy, LLC respectfully requests that Certificate No. 13-654E(1) be automatically extended to March 19, 2015 or until a new renewal certificate is issued and authorize it to continue to operate during the pendency of the renewal application certification review, so that there will be no interruption in service to customers.

**MEMORANDUM IN SUPPORT OF
MOTION FOR EXTENSION OF CERTIFICATE**

The renewal application was signed, completed and placed in the possession of an overnight courier on February 11, 2015 with instructions to deliver the renewal application to this Commission on February 12, 2015. For some unknown reason, the renewal application was not delivered to the Commission until February 17, 2015. All Things Energy did not meet the February 12, 2015 filing date for its Renewal Application in Case No. 13-406-EL-CRS. All Things Energy sincerely apologizes for the delay and assures the Commission that it will timely file renewal applications in the future. All Things Energy emphasizes its desire to continue to serve customers in Ohio.

Recently effective Rule 4901:1-27-09(B) provides that a motion requesting an extension of a certificate will be deemed automatically approved (unless ruled otherwise by the Commission or an Attorney Examiner within three business days), if a renewal application is filed fewer than thirty calendar days prior to the expiration date of the certificate but no later than the expiration date. All Things Energy submits that it has met the criteria and respectfully requests an automatic extension of the expiration date of Certificate No. 13-654E(1) issued in Case No. 13-406-EL-CRS to March 19, 2015 or until such time as a new renewal certificate is issued so as not to interrupt service to customers.

Respectfully submitted,
