**RE: Case No. 14-2328-EL-ACP Compliance Requirements – GDF SUEZ Energy Resources NA, Inc.
("GDF Suez") – License #04-118(1)**

Pursuant to the Attorney Examiner's entry in Case No. 14-2328-EL-ACP issued February 26, 2015, each electric services company with a 2013 AEPS compliance requirement is required to file in that docket the average cost data for the RECs that it has retired to demonstrate compliance with its 2013 Ohio AEPS obligations.

GDF Suez is unable to provide an exact cost since it is impossible to match specific purchase prices to the data shown in the PJM GATS system. Therefore, we are submitting the following good faith estimate:

Type	\$/REC (est)
Solar	\$191
Non-Solar	\$1.91
