Dear Commissioners,

I am writing to ask you to deny FirstEnergy's request for a rate increase. The energy companies involved want to push the upkeep and operation of outdated coal plants onto Ohio consumers. These companies, Duke in particular, have a history of poor maintenance of their facilities not only in Ohio but in other states as well.

I believe Ohio needs to focus on investing in sustainable energy options, moving away from dependence on coal fired plants.

Respectfully yours,

Martha Young
