Cuyahoga County, Ohio 30-Inch High Pressure)	
Distribution Line Replacement)	

**DOMINION EAST OHIO'S
SUPPLEMENT TO LETTER OF NOTIFICATION**

On March 20, 2015, the Ohio Power Siting Board staff issued its Staff Report, which contains the five conditions listed below:

1. Prior to construction, the Applicant shall obtain all applicable permits and authorizations as required by federal and state entities for any activities where such permit or authorization is required.
2. The Applicant shall coordinate all traffic-related issues with the appropriate entities (including the Ohio Department of Transportation, local authorities, and public and emergency services) to ensure that the flow of traffic will be maintained along public roadways and private drives during construction, or that appropriate plans will be followed for temporary traffic diversions.
3. Where the pipeline route crosses existing paved, gravel, or concrete driveways, the Applicant shall promptly repair impacted driveways to their pre-construction state.
4. General construction activities shall be limited to the hours of 7:00 a.m. to 7:00 p.m., or until dusk when sunset occurs after 7:00 p.m. Impact pile driving and hoe ram operations, rock drilling, and blasting operations, if required, shall be limited in areas within 1,000 feet of a commercial, residential, or a small, well-defined outside area (such as a playground, recreation area, outdoor theater, or other places of public assembly) to the hours between 10:00 a.m. to 5:00 p.m., Monday through Friday. Construction activities that do not involve noise increases above ambient levels at sensitive receptors are permitted outside of daylight hours when necessary. The Applicant shall notify property owners or affected tenants, within the meaning of Ohio Adm. Code 4906-5-08(C)(3), of upcoming construction activities, including potential for nighttime construction activities.

5. The Applicant shall adhere to seasonal cutting dates of October 1 through March 31 for removal of suitable Indiana bat habitat trees, unless coordination efforts with the Ohio Department of Natural Resources and the U.S. Fish and Wildlife Service allows a different course of action.

By this submission, Dominion East Ohio (“DEO”) incorporates the above conditions as a supplement to its Construction Notice filed March 6, 2015, and requests that this supplement be considered part of DEO’s application.

Respectfully submitted on behalf of,
DOMINION EAST OHIO
