To Whom It May Concern,

I am writing about Case Number 14-0841EL-SSO. I am against the proposal that would raise the rates of consumers and use the profits to cover the costs of their plants. I feel this is a bailout and should not be passed. A bailout of old, polluting technology only benefits utility share holders and delays inevitable investment in efficiency and renewable energy.

Thank you.

Sincerely,

Marni Blanken

PUCO
