Levon LLC is regrettably not going forward with the case against Dominion East Ohio case number, 14-907-GA-CSS. I feel the PUCO is pressuring Levon LLC to have this case heard in court when they will not answer the question- "does Dominion East Ohio have the legal authority to bill the owner of the property when the utility was in the name of the tenant the account holder. Levon LLC does not want to spend hundreds or thousands of dollars to get an answer to a question that you already know the answer to. This same question was asked last year to Nedra Ramsey, Customer Service Supervisor. She said she would contact the Legal Department to find out, nothing was found, that's when she suggested to file a formal complaint. Levon LLC had a settlement conference with an attorney from Dominion East Ohio at which I asked him to show me where, in the tariffs, laws, or regulations that Dominion East Ohio has the legal authority to transfer the utility in the name of the home owner without their authorization. He could not or would not. The PUCO sighted codes (4901:1-13 and 4901:1-18) which do not pertain to my case. I will have to find another way to get that question answered.

Sincerely,

Levon LLC Tony Lyons, member
