Public Utilities Commission of Ohio

I am a VIETNAM VETERAN on Social Security and Medicare. You must deny the rate increase to bailout Duke, AEP, and First Energy - CASE NO. 14-1297-ELSSO. Who will bail me out if I am forced to pay for there out dated Power Plants? We payed them billions because of a 1999 Ohio Law. We don't need to do it again.

To The Public Utilities Commission of Ohio:

I am writing in reference to First Energy Case number 14-1297-ELSSO. I urge you to deny the rate increase + bailout of old, polluting coal plants. This bailout would not benefit Ohio's citizens who would ultimately pay for it.

Please consider supporting the development of clean energy technology such as wind and solar power which have a lower detrimental effect on our environment.

I care about this issue because I have children + I would like to know that we are doing our best to keep our air + water clean for them.

With your support, Ohio has the potential to become a leader in clean energy technologies.

Thank you,
