

To Governor Kasich and the Public
Utilities Commission of Ohio,

My family and I are very concerned with
reducing toxic pollution here in Ohio. We
care about this issue because we are concerned
not for ourselves, but for future generations.
Please deny the rate increase to lock consumers into
buying power from Ohio's oldest, dirtiest coal
plants. A bailout of old, polluting technology
only benefits utility shareholders and delays
investment in efficient and renewable energy.
Our future children thank you.

Sincerely,

Laura Martinez
