Ms. Straus,

Thank you for contacting the Ohio Power Siting Board (OPSB). Your correspondence regarding the proposed Gable Substation Project will be docketed in the public comments for case number 14-1280-EL-BSB.

The adjudicatory hearing in this case concluded on April 24, 2015, in Columbus. During the adjudicatory hearing, AEP Ohio Transmission Company and OPSB staff offered expert testimony supporting their positions before an administrative law judge. At a later date, The Board will schedule the project for a decision during a public Board meeting.

The OPSB website at www.OPSB.ohio.gov provides the latest information regarding this and other power siting cases. Should you have additional questions or comments, please feel free to contact me directly at (866) 270-6772.

Respectfully,

Matt Butler

Please DO NOT use the preferred site for the Gable Substation on Co. Rd. 15 in Jefferson County. The Otto Family have been stewards of the adjacent property for 35 years and strive to honor the tradition of the family farm. Please honor the environment and protect this property from the light, noise, and run-off pollution that will certainly occur from this construction.

Cindy Straus
