**Memorandum in Support of Motion of Xencom Green Energy, LLC**

**For**

**Extension of Certificate Expiration Date**

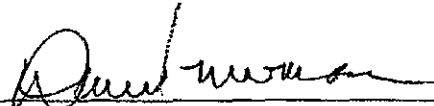

---

Xencom Green Energy, LLC, is a provider of power broker services, certified by the Public Utilities Commission of Ohio in the above-referenced proceeding under Certificate No. 13-685E(1). Such Certification is effective April 29<sup>th</sup>, 2013 and is valid for two years making the Certificate expire April 29<sup>th</sup> 2015. Ohio Administrative Code Rule 4901:1-24-09(A) requires that an aggregation and power broker file an application for renewal of its Certificate no less than and no more than 60 days prior to the Certificate's expiration date.

Xencom Green Energy, LLC filed the renewal application for renewal of the Certificate on April 22, 2015 which did not allow for the full 30 days to review the application prior to expiration. This tardiness was due to unfamiliarity with the renewal process as this is Xencom's first renewal. Going forward, the process has been documented so that there will be no issues in future applications.

Xencom Green Energy, LLC, therefore, respectfully requests that the expiration date of its Certificate be extended until May 30, 2015 to allow the 30 days required to review the renewal application that was submitted on April 22, 2015.

Respectfully Submitted,
