Public Utilities Commission of Ohio
180 East Broad Street
Columbus, OH 43215

Public Utilities Commission,

I am writing to you to request that you please deny the rate increase to lock consumers into buying power from Ohio's aging, inefficient coal plants. My family and I are concerned about reducing toxic pollution. The plan to bailout old, polluting technology delays the inevitable investment in efficiency and renewable energy. It appears that the bailout will only be beneficial to shareholders.

Thank you for your consideration,

Jamie Mider
