Please do not let First Energy or Duke Energy gouge us any further. We have a geothermal system installed in 2008, thinking it would help us and the environment. We save practically no money due to high electric rates for our supplemental heat.

Most irritating is the \$ 40 we pay each month for gas service. We use between 7 cents and 14 cents per month for our gas range and gas clothes dryer. We pay \$ 40 because we have a gas meter and gas pipes coming into our house.

Please do not allow Duke Energy or First Energy to take unfair advantage any further, and make them pay for their antiquated coal fired plants.

Hoping you listen to average citizens,

Richard and Marysue Dickmann

9514 Bluewing Terrace
Cincinnati, Ohio 45241
