Re: 14-1297-EL-SSO

To: Public Utilities Commission Members:

Today's *Plain Dealer* reported that Cleveland had the 10<sup>th</sup> worst air quality ratings out of 220 ratings. Burning coal undoubtedly contributes to that poor quality. Please deny First Energy's request to continue burning coal and charging its customers for perpetuating this outmoded technology. It's time that First Energy join the 21<sup>st</sup> century.

Sincerely,

(Mrs.) Lee Haas
