Ms. Wise,

Thank you for contacting the Ohio Power Siting Board (OPSB). Your correspondence regarding the proposed Gable Substation Project will be docketed in the public comments for case number 14-1280-EL-BSB.

The adjudicatory hearing in this case concluded on April 24, 2015, in Columbus. During the adjudicatory hearing, AEP Ohio Transmission Company and OPSB staff offered expert testimony supporting their positions before an administrative law judge. At a later date, The Board will schedule the project for a decision during a public Board meeting.

The OPSB website at [www.OPSB.ohio.gov](http://www.OPSB.ohio.gov) provides the latest information regarding this and other power siting cases. Should you have additional questions or comments, please feel free to contact me directly at (866) 270-6772.

Respectfully,

Matt Butler

**Subject:** Gable Substation

I'm writing on behalf of the 22 Families that will be so affected by the Gable substation being placed at site no.1. Please, please won't you consider changing to the other site which will only affect one household that is moving anyway? This is very poor public relations for your company and not the image you want to convey to the watching public. Considering the "small guy" will be of great advantage to your company in the long haul.

Thank you.

Jeanette Wise
