Subject: RE: Gable substation Jefferson county Ohio

Ms. Otto,

Thank you for contacting the Ohio Power Siting Board (OPSB). Your correspondence regarding the proposed Gable Substation Project will be docketed in the public comments for case number 14-1280-EL-BSB.

The adjudicatory hearing in this case concluded on April 24, 2015, in Columbus. During the adjudicatory hearing, AEP Ohio Transmission Company and OPSB staff offered expert testimony supporting their positions before an administrative law judge. At a later date, The Board will schedule the project for a decision during a public Board meeting.

The OPSB website at www.OPSB.ohio.gov provides the latest information regarding this and other power siting cases. Should you have additional questions or comments, please feel free to contact me directly at (866) 270-6772.

Respectfully,

Matt Butler

>> This email serves to express my disappointment and objection to the proposed substation in Wells Township. This substation will be an extreme eyesore to the residents surrounding this site! As a family member who frequently visits this area to enjoy the solitude of this country setting, it saddens me to think this may be the view! I relish the quiet evenings, eating outside and enjoying family!
