Ms. Lindsay,

Thank you for contacting the Ohio Power Siting Board (OPSB). Your correspondence regarding the proposed Gable Substation Project will be docketed in the public comments for case number 14-1280-EL-BSB.

The adjudicatory hearing in this case concluded on April 24, 2015, in Columbus. During the adjudicatory hearing, AEP Ohio Transmission Company and OPSB staff offered expert testimony supporting their positions before an administrative law judge. At a later date, The Board will schedule the project for a decision during a public Board meeting.

The OPSB website at [www.OPSB.ohio.gov](http://www.OPSB.ohio.gov) provides the latest information regarding this and other power siting cases. Should you have additional questions or comments, please feel free to contact me directly at (866) 270-6772.

Respectfully,

Matt Butler

COMMENTS: To Whom It May Concern

I am a resident of County Rd, 15 in Rayland, Ohio. I am writing regarding my concerns with the building of the Gable Substation on our road.

I love living in Jefferson County in Ohio. I grew up in Steubenville, Ohio but wanted to move to the country to enjoy the quiet life. It is beautiful in our area. I believe the substation that is being constructed will interfere with the beauty of our area.

I understand that there is an alternate site that can be used. It is out of the way and will not be noticed. I hope you consider building on the alternate site.

Please put your self in our shoes. Would you want this project on your road. I do not want to stop progress. But, I am hoping and praying that you chose the alternate site for this construction.

Thank you for your time.

Ann Lindsay, 419 Hill St., Rayland, Ohio 43943 (mailing address)
