Dear Ms. McNeal:

The May 1, 2013 Opinion, Order, and Certificate approving Oregon Clean Energy, LLC's ("Oregon") Certificate of Environmental Compatibility and Public Need to Construct an Electric Generation Facility ("Certificate") and the March 15, 2013 Second Supplement to Application established a set of conditions and supplemental commitments as part of the Certificate.

Specifically, in part, **Commitment No. 6**, which is included in the Second Supplement filed on March 15, 2013, requires that:

As the information becomes known, the Applicant will provide to Staff the date on which construction will begin, the date on which construction was completed, and the date on which the facility begins commercial operation.

In compliance with Commitment No. 6, this letter serves as notice that Oregon will begin construction of the switchyard the week of June 15, 2015.

If you have any questions please call at the number listed above.

Sincerely,

Sally W. Bloomfield
